L-65 Now, to heal you, I couldn't. To hide your life, you couldn't. See? Because it's all in the hands of God now. See? That's right. Oh, child. Much sorrow, and in much danger... One thing you're extremely nervous. You got enough to be nervous about. It's just turning black all around where you're at. Oh, it's... You--you got... It's heart trouble. And that's... Why, you've been give up by the doctor to die. That's been about a month ago or more. And he said that there was--you had two holes, or leaks, or something like that. Some funny name he called it. I heard him just then when he said it. But it was some funny name, it about... But what it is, it amounts up to, is two holes in your heart; I see as the blood's dripping through. Are those things the truth? Is the same Jesus Who knew Philip was under the tree, could see you in the... under the condition of what it... Is that right? Is He standing here? Is He your Saviour? Is He your Healer? Come here.

L-66 Now, I realize I'm just a man, sister. But now, while That is on here... I'm you're brother and God's servant. See? Now, the power of healing, true, is here. See? But I can only do with it, if He will let me. I'm going to pronounce the blessing that you live and not die. And I'm... Will you give God praise?

Our Lord Jesus, I lay my hand upon this woman, and I ask for her life to be spared. And for this which the doctors could not do, may the power of Almighty God do in Jesus' Christ Name. Amen. I bless thee,

may raise your heads. Thank the Lord. Look, say, "Amen." There he is perfectly normal and well from being deaf. God bless you, brother. You also had a nervousness, caused from prostate trouble that you had for a long time, but you're... Is that right? The reason I said that is just so you know It had seen you.

my sister, for your healing in the Name of Jesus, the Son of God. Amen.

Now, you write me your testimony. God bless you.

**L-67** The Lord be blessed. Now, before the anointing gets me till where I don't know where I'm at, how many believes that Jesus Christ is here now? That's--that's the same Jesus. Now, that's His power. That's His wonder that He said He would do.

Now, be reverent, everywhere. Be expecting God to do for you what He did for her. Just believe it is all you have to do.

Now, keep praying out there. Just believe it and see if the Holy Spirit can't come out through the audience there and heal you where you're at, up in the bleachers, or wherever you are. Just believe is all I ask you to do.

**L-68** Come, lady. How do you do? 'Course you're conscious that Something's near. But we are strangers to one another. I don't know you, never seen you in my life, as I know of. I suppose you never knew me before. No. We're perfect... Then we've never seen each other before, the first time in life to ever come face to face with one another. But Lord knows you, and He knows me.

You are a Christian believer, 'cause your spirit just feels so welcome. And I know that this is the Holy Spirit here. And I know It welcomes you.

Now, if Jesus our Saviour, being the Saviour of both of us, and God the Father of both of us, then we become God's children. Then we're here to help one another. And if God has sent me to help you, then I must do what God tells me to do. Then I'm asking you to believe on Him, and to believe that He sent me to--to--with a Divine gift, just to make faith for you.

**L-69** Now, if we've never seen each other before, why, there'd have to be some way that... If He would tell me anything about you. If I, probably when It strikes, would keep talking to you, It would just keep on talking. But it's just something... For instance, if you're sick, or if there's something wrong with you otherwise, if you've done something wrong, if He'd just speak that out and tell you about it, you'd be

willing to accept it, wouldn't you?

I--I can tell you, before anything happens that you really are a believer. Your trouble, you're real nervous. And that's due to the time of life that you're living in, coming to the menopause. That's a lady's age. But... Excuse me. Something happened. You--you--you've had an accident. I seen a stick or something hit you in the head, wasn't it? Is that right? And it's caused you to have hemorrhages in--inside the head. Is that true? Come here.

Oh, Jesus, Son of God, I bless this, my sister, for her healing. And now, enemy, leave her. I rebuke this tumor. In the Name of Jesus Christ may it go out from her and she be made well for Thy glory. I bless thee, my sister, for the healing of your body. God bless you now. Go, rejoicing.

**L-70** Have faith. Don't doubt. Just keep faith; keep believing. Let's be reverent and just believe with all of our heart now. Now, be just as reverent now.

How do you do, lady? I say, how do you do? We are strangers, I suppose, to each other. [The lady speaks to Brother Branham--Ed.] Yes, ma'am. You was in my service where? [The lady says, "At Evansville."--Ed.] Excuse me. I'm not hard of hearing, but it's just... You can understand. About five or six years ago. Oh, yes. You come from, I believe, from St. Louis, over there one night. Yes. [The lady says, "Brother Van Huesen."--Ed.] Yes, Von--Von Huesen, that's it. That was Brother Von Huesen. They had the same place, I believe, I was in the other day, over there, here a few weeks ago or... [The lady speaks again--Ed.] I see.

**L-71** Well, then you and I are strangers to each other, not knowing one another. But do you believe that Jesus Christ has risen from the dead? And do you believe that He can, by sovereign grace and election, that He sends people here on earth, and sets them aside to preach the Gospel, and to do different works for Him? You believe that, don't you? Then if we've never met in life, and if God would say something that was wrong with you, and you know I have no way of knowing it, well, it'd have to come from some supernatural resource. Is that right? Well then, would you accept that as God? See? You'd have to. Thank

Branham to pray for you? If Jesus was here, He'd put His hands on the little girl like you, and she'd get well, wouldn't she?

Now, Jesus is here, but He's in the form of Spirit. If God will reveal what's wrong with your baby, you accept its healing? You being the mother with love and concerned about the baby, lay your hand on him. The baby's got heart trouble. But the baby's going to be made well. In the Name of Jesus Christ the Son of God, I condemn the devil that's done this, and ask for its healing. It's a nervous heart lady. Born that way. But it'll get well. Don't fear. Go, believing with all your heart.

**L-79** All right, come, lady. Are you believing? Amen. Get over the asthmatic condition and be made well? You believe God is going to heal you? Would you like to go eat? That stomach's give you some trouble, hasn't it. You believe me to be God's prophet? What's done it, you're just the time of life; you're in the--the menopause time, to make you nervous and upset. You're scared. The devil tells you you're going to lose your mind. Late of the evening, you get real nervous and have to set down many times. Is that right? You was washing some dishes the other day and dropped one, isn't that right? Now, your stomach trouble's healed. You can go home, eat what you want to. Jesus Christ make you whole.

Let's say, "Praise be to God."

**L-80** All right, tell her to accept Jesus. Tell her her heart trouble's gone. God bless you.

Well. let's say, "Praise be to God." Bow your heads real quick, there's a deaf spirit coming around me now. Bow your head.

O Lord, Created heavens and earth, Author of Everlasting Life, Giver of every good gift, send Thy blessings upon this man. And make this evil to leave him. O Thou eternal God, Who was before the day spring from on high, You was God then, You'll be God when the seas is wept theirselves into deserts. You'll still be God. Now, I now ask that this great Jehovah, coming in His power, through the Name of Jesus Christ, and loose this man from his affliction. Go, in the Name of Jesus Christ, I ask the evil to leave.

Can you hear me now? Can you hear me over here, sir? Now, which ear was the deaf? Can you hear me now? Say, "Amen." All right, you

trouble, will you accept your healing then, and believe with all your heart? All right. You got a heart trouble, haven't you? That's all gone now. I want to lay hands on you first, 'cause that's what you wanted me to do. In Jesus Christ's Name, may you be healed, mother. Go, and God's peace rest on you, and get well. God bless you.

**L-77** All right. Come, lady. You believe with all your heart? If God will help me now, as--as getting weak. You believe that He will know what's wrong with you? If He just speaks what's wrong? All right. I see you, a lot of times, going somewhere with your hand on your... It's in your back, your kidneys. Go home. Jesus Christ will make you well, and you be healed.

Come, lady. Do you believe with all your heart? Would you obey me as God's servant? You got arthritis. You had arthritis. Go off the platform, say, "I haven't got it." and never testify of it again. And give God praise. And God will...

All right. You believe? Believe God is going to make you well. Amen. Yes. Amen. [There is an interpreter speaking to the person in the prayer line--Ed.] (She's just telling you what's wrong...?... ) Amen. Heart trouble, and she's got female trouble and things. That's right.

Lord Jesus, I pray that You will bless her and may the Holy Ghost now, come into her body, and condemn this enemy, and drive him out. In the Name of Jesus Christ, the Son of God. Amen. God bless you. Gloria a Dios. God be with you.

**L-78** All right. Come. You believe? You're coming for the child. You believe that God is here to reveal and to remove... I don't know the child, but God does, is that right? Mighty young to have that: Diabetes. But God would make him well, do you believe it? Is that true?

God Almighty, have mercy on the baby. Spare its little life. And may it go. I take it to Calvary in the Name of Jesus Christ, for a blood transfusion, that its life can be spared. Amen. Don't fear, sir. You're nervous yourself, getting up with prostate...?...

All right. Come, bring these little children. Honey, dear, you're a mighty sweet little girl. Look up this way, just a moment. Those pretty little eyes. You believe that Jesus the Son of God, sent Brother

you.

See, it's just... I'm trying to feel the approach. You see what I mean. 'Cause it--it's the way you regard It. Not me, but you have to respect what I'm talking about or it just--just won't be. See? It's your approach to God. That people that... Woman touched His garment one time and she got healed. But another one hit Him on the head and everything else; they couldn't feel no virtue. It's the way they approached Him.

**L-72** Yes. Now, the lady is just breaking up in front of me. But she's... something... I see she has a... It's gallbladder trouble. It's in her--it's in her right side. And she has... There's something wrong with the throat. Is that right? And then, also, I see when you're standing with clothes... You got a growth, and that growth is on the right shoulder. Is that right? Is that... Was that true?

Now, what spoke to you wasn't me. It was my--my voice, but I wasn't operating it. 'Cause I wouldn't know what to say. No. But it was some other voice... it's my voice but Something speaking my voice. Is that right? Do you believe it was God? Then come here.

Kind heavenly Father, in the Name of Jesus Thy beloved Child, I ask for the healing of my sister. And I bless her now, and condemn the enemy, and make her well in the Name of Jesus the Son of God. Amen.

I bless thee, my sister, in Jesus Name for your healing. Amen. God bless you, my sister. Go, being happy, rejoicing. Don't doubt. The Bible said, "Go ye and sin no more (that's unbelief), or worse will come upon you."

**L-73** Now, be real reverent. Just keep praying, lady. Yet It stood over you twice tonight. See? Now, have faith. I know your trouble, but I can't say just what. It was over the other lady too, but I--I want to see you healed. See? Then I can tell you it's **THUS SAITH THE LORD**.

Now, be reverent everywhere, please. See, each person's a spirit. As you move, it... I... Just believe me. Just be quiet, you know, just be just as reverent as you can be.

All right. Let the patient come.

**L-74** Faith is moving everywhere. Now, be real reverent. All right.

How do you do, sir? You are a believer. You're already anointed. But we're strangers to each other, personally as strangers, yes, sir. I don't know nothing about you. As far as I know, I've never seen you in my life. But only God knows you. I don't. Does anybody here know the man? Anybody in the building know the man, know him?

All right. Then if we be strangers to each other, my brother, and we know not each other, and God knows us both, may He help us. May He help me as His servant to help you, his servant. 'Cause we're both want to live; we want to serve God. We want to do all we can for the Kingdom of God. Yes, sir.

Now, the man leaves me. You've been healed, and that was... But you wasn't at a platform. You were sitting in an audience. And your wife was being healed at the platform. And it was somewhere... It was Brother Bosworth standing to my right hand side, smiling. It's... There's Brother Vibbert. It--it was at Evansville, Indiana. Was that true?

It's moving again. Just a moment now. You, oh, you... It was ulcers you had. And you're standing now for an elderly man; that's your father, and he isn't here, and he's got kidney trouble. Go home, lay your hands on him and...?... in the Name of Jesus Christ the Son of God.

**L-75** How do you do? Now, everybody just reverent. I'm not beside myself. I just have to get my bearings. You see? Visions are something... You're in another world. And now, I can't hardly see out over the audience, and I've got good sight. But just look like... I know I can hear people. I can hear people. And it just seems like it's like a yellow haze hanging here. You'll never know till we meet at the judgment.

**L-76** This is the patient, isn't it? This is the patient? Come here. I suppose we're strangers, lady; we don't know each other, perfect strangers. But God alone knows. And I--I know that God can reveal and can make me know what your trouble... I can't heal you, only just by obeying him, laying hands... Jesus said, "In my Name they shall cast out; if they lay their hands on the sick..." Is that right?

I see a long, white table. There's somebody... There's doctors; there's

isn't that right? And you also have heart trouble. Is that right? You believe me to be His prophet? Then I see somebody standing near your side; it's a woman. It's your wife. She's got something wrong with her, on her face, cancer. Is that right? And look, your house number is 1154 on McKinley Street. And your name is C. B. Dewitt. Is that right? Go home, and be made well, and lay your hand on your wife, and in the Name of the Lord Jesus Christ...?...

**L-75** How do you do, lady? You believe with all your heart? All right, we're strangers one to another. God only knows. Isn't that the truth? Now, stop thinking that. Didn't Jesus of Nazareth, tell Peter his name was Peter, Cephas, a stone? He's just the same yesterday, today, and forever. Certainly, as you'd talk, the more you'd talk to the person, more... What does have to talk, just simply believe. That's all you have to do now, is just believe. Oh, my. I just hope this faith keeps up; you will see the glory of God.

All right, lady. You're suffering with a growth, and the growth is in your throat. Is that right? And it's caused from a nervous condition, a nervous goiter. Say, I see you at a meeting. Oh, it's--it's one of my meetings. You've been healed before, for heart trouble. Go home; you're going to get well too, this a way. In the Name of Jesus Christ, the Son of God.

**L-76** Have faith in God. Believe on the Lord Jesus. You shall have what you ask for, if you believe. All right. Only have faith.

Wish you could see that... Can't you see that, that whirl of Light standing there? It's right over the lady laying here. Have faith, lady.

How do you do? You're the patient. All right, look to me as God's prophet and believe that I--that I come to help you. Do you? You... something... I see you trying to move from a bed. It's something stiff. You have arthritis. And you... That's right. And then something's happened. You had an accident. You've mashed your thumb on a door of a car, is that right? And--and bruised it, injured the bone. In the Name of the Lord Jesus, go and be healed and give God praise.

Let's say, "Thanks be to God Who gives us the victory." Come, lady. Do you believe with all your soul that Almighty God is the same yesterday, today, and forever? If God will just let me see what is your

home, and be made well. Amen.

Have faith in God. Come. Now, more that you speak to people... I hope that you people will understand that I... More you talk to people... Visions' what makes you weak. See. You... Daniel, I believe, one time saw a vision, and he said he was--he was beside himself, out of his head for several days. You remember the Scripture? That the more you talk to people, more It knows or speaks.

**L-73** You want to get over that asthma? Believe that God will make you well? Stand up and accept it then. And be made well in the Name of the Lord Jesus.

Have faith in God. What do you think about that, lady, setting next to her? You believe with all your heart? You believe me to be God's prophet? You do? If I can, by the power of God, know what's wrong with you, will you accept your healing? You have liver trouble, isn't that right? If that's right, stand up to your feet if that's right. Accept your healing, and go home, and be healed in Jesus Christ' Name.

Have faith. Don't doubt. Believe with all your heart.

**L-74** Now, sir, I believe that we're strangers to one another. I... As far as I know, this is our first time ever meeting in life. I--I don't know you. But God does know you. Is that true? That--that's true. Now, if I--if I don't know you, and God does know you, you're... You realize that you're life before God, what you have been, what you are now, what you will be, is just like a tape unrolled. And mine is the same thing. And the only way... I couldn't heal you or help you out of your troubles. The only thing I could do is by a Divine gift, like a minister, by a Divine gift to preach... By a Divine gift as a seer or His prophet, I would know what your trouble was, and could reveal to you, and that would only bring your faith up in God (Is that right?) to accept what you're asking for.

Yes, sir. You believe me to be His prophet? You have a mighty good faith. Now, you are suffering with a stomach trouble, is that right? It's caused from a peptic condition in your stomach. That's right. You also are very nervous person. That's what's causing the stomach condition. And doing that has caused you to have hemorrhoids. I see you having some kind of trouble coughing or some... It's a asthmatic condition,

something about the back, it's a--it's a your... oh, it's kidney stones in the back, and they're want to operate immediately. Is that right? Well, Christ can operate right now. If you will believe, and He will take it from you now. Come here just a moment.

Kind heavenly Father...?... Son of God [Congregation prays aloud--Ed.]... the woman be healed. May these stones leave her and she can go home and be well, whom I bless her, and may...?... in Jesus' Name. Amen.

Praise be to the Living God. Have faith. Don't doubt.

**L-77** Come, lady. You want to get over that sinus, lady, setting back there? You believe that Christ can made you well? With all your heart? If you want to accept your healing, stand up on your feet. Say, "I accept it." God bless you. Go and be made well.

There He is. Praise be to the living God. You want to get over that prostate trouble, setting down on the end of the row, sir? You believe that Jesus Christ will make you well? Can you hear me? You was standing there praying, wasn't you? Stand up on your feet. Jesus Christ heals you of the prostate trouble. Go home and be well.

There was two men standing there, one with a gray suit on, one brown. A man setting in here, somewhere like that with same thing, you're healed. Go home. Christ makes you well.

**L-78** You believe, sister? With all your heart? You believe me to be His servant? I'm... It's not for me to do anything, sister. He told me if you get the people to believe you.

I said "They won't believe me."

He said, "Take hold of their hand and tell them what is wrong.

Said... I said, "Well then, they..."

He said, "There'll be two signs given you, like was given to Moses to perform a miracle, two miracles." And He said, "By this they'll believe."

And I said... He said, "You'll know what's wrong with them. You'll know the very secrets of their heart."

I said, "How will this come?"

Said, "Knoweth thou not the Scripture? Didn't Jesus of Nazareth promise this?"

You believe that? That's the reason I asked if you believe me. Not believe me as Him, but believe that He sent me to help you. You do? Then go eat your supper. Your stomach trouble left you.

**L-79** You believe with all your heart? Have faith in God. You want to get over diabetes and be made well? You do? You accept your healing? Go home in Jesus Christ's Name and be made well.

How do you do, sister? You believe God healed you of that female trouble? You do? All right. God bless you. Go and believe.

**L-80** All right. Come, lady. Be reverent. Our Lord is here. Now, two demons are screaming to one another (Be reverent.), coming from this direction. Something wrong with your back, isn't there? Is that right? You have too, didn't you? Stand up on your feet, ladies. You're both healed now; you can go home and be well. Jesus Christ makes you both well. Say, "Thanks be to God."

All right. You want to get over the heart trouble? You accept your healing from Jesus Christ? God bless you, my sister, and may you be healed in Jesus Christ's Name. Amen. God bless you.

**L-81** Come on, lady. Do you believe with all your heart? Are you a believer? You believe me His Prophet, His servant? Got the wickedest thing there is to fight. About eighty percent of this audience is suffering with the same thing. It's just coming from all out there. Let me show you. Turn your face this a way. How many out there is suffering with nervousness? Raise your hand. See? You have real funny feelings, fearing, weary, upset, think you're going to lose your mind. Satan told you you was, but he lied. You're healed now. Go home and be made well in the Name of Jesus.

...?... her blessed you, you go home now, and do whatever you want to. God bless you. Healed, go home shouting praising God.

**L-82** Come, lady. Do you believe? I want to talk to you just a minute. [Brother Branham talks to the lady--Ed.] Is that the truth? I just... Now, the audience... Nothing wrong with the lady, in the way of immorals and things, she's a nice lady. But it's just something I couldn't say before an audience. And only God alone knows the woman. Is that right, lady? Is that the truth? Just God alone was in

trouble. Isn't that right, lady? You want to be healed and believe that God will make you well? If you believe it with all your heart... Yes, you setting right there. You want to be healed and made well? Just stand up on your feet then and accept your healing. Jesus Christ took that abscess off the ovary, just then. And you're made well. God bless you.

Just have faith out there; you don't need a prayer card. Just... You need is faith. You believe that I'm telling you the truth, and watch the Holy Spirit, and see if He doesn't make you well.

You're the patient? Excuse me, I was just trying to get beside myself a little bit. It's anointing is a--comes on... All right, I just want you to answer me as I speak to you. And I am a stranger to you, I suppose. I guess this is our first time ever meeting, is that right? But then, if we be strangers to each other, then... Only God alone could--could help us, is that right? I have never seen you, never knew nothing of you. And perhaps you never knew of me, 'less you read it in a book or something. And that's about all we know about one another. But you do recognize you're in the Presence of some supernatural Being. You're a believer. That's the reason that you--you have faith. Being a believer. But...

**L-71** You're not standing for yourself; It's for somebody else. Is that right? And that person is got some kind of a--a troubled bronchial in the throat. And they are in a hospital now. And it's where two cities are near together. It's Minneapolis. Is that right? And the man is a sinner. Is that right? It's turning black around him. I see him laying there. And you have just been healed. It was in another meeting. And there was a fellow pray a tall, black... It was Oral Roberts. Is that right? Take your handkerchief and send it to your friend. Tell him to receive Jesus Christ.

In the Name of the Lord Jesus, I condemn that sin upon the man and ask for his healing. Amen. God bless you, sir. Don't doubt. Believe you shall receive what you ask.

**L-72** Look here. You want to get over that intestinal trouble? Yes. Stand up, Jesus Christ healed you of that. You had colitis in the intestines, is that right? Intestinal trouble, you're healed now. Go

**L-68** Here is another thing. You're moving from me again. Yes... You--you was praying--you, before you come to this meeting, that you would get a prayer card and be brought to the platform, is that the truth? All right, come here just a moment.

Now, kind heavenly Father, while Your anointing is on Thy servant, I lay my hands upon the man, in commemoration of our Lord's Word, which said, "These signs shall follow them that believe: if they lay hands on the sick they shall recover." And I ask for the enemy to leave my brother's body. And may he go and be made well through Jesus Christ's Name. Amen.

Now, brother, just want to talk to you again, just some more. I've... I was pretty sure that something happened there. Yes, that is right. Go, and may the Lord be with you, for you are going to be well. God bless you, sir.

**L-69** How do you do? Is this the patient? All right. We are strangers, are we, lady? Now, just as I talk to you, you just look at me. I mean in that... I don't mean... As Peter and John passed through the gate Beautiful, said, to the crippled man, "Look on us." Or Elijah said to--to the--the king. He said, "If there wasn't I respected Jehoshaphat, I wouldn't even look to you." See. But he went in and played some music, and he saw a vision, and told them what to do. That same God lives today. Don't you believe that?

Then He can know, and can advise, and do just... I see now. It's not for you. Yet you're awfully nervous and upset. It's because of the baby. And the baby is facing an operation. Is that right? And it's something... It's a... growths. And the growth is in the stomach, is that right?

O kind Father, in the Name of Jesus Christ, the Son of God, I condemn this enemy that would take the life of this infant child. And now, laying hands upon the child, while anointed, I ask that it leaves the baby and the baby's made well. In Jesus Christ' Name. Amen.

God bless you, mother. Go, be faithful and believe with all your heart. God bless you.

Just be reverent. The Holy Spirit's among you now.

**L-70** There sets a colored lady, setting there, praying. She has female

there with you (Is that right?), when it happened. Is that right? Now, you're going to get well. God bless you. Let me just lay hands on you, just a minute. In Jesus Christ's Name I rebuke the evil one; leave her. Amen. God bless you.

Had a funny feeling awhile ago when I talked about that lady here with that back trouble, didn't you, sir? Uh-huh. Set with your shirt open there, setting there. Is that right? Setting out here, set... Yeah. You were healed too of the same thing. You had back trouble. You were healed. I couldn't tell you 'cause I couldn't get to you just then.

What do you think, setting there, lady, praying? Want to get rid of that arthritis? Setting right down below in here, you want to get rid of that arthritis? You do? Yes. Uh-huh... If it isn't...?...

#### **54-0221 - East Alton -Wood River Community High School, Wood River, IL (Paragraphs: 48 - 55)**

**L-49** ... racial affair... [Blank.spot.on.tape--Ed.] Yes, ma'am. You're suffering with a nervous condition, aren't you? That's right. You're very upset about something, turning dark in between us. You are... You got a spiritual trouble too. That is true, isn't it? Some difficults you're having. You'll be all right. Just trust it to Him. And here's another thing that might help you. You're healed now. But here's another thing that might help you. You've got a--a sick loved one. And that's a father. Is that true? And he's bothered with a mental condition. Is that right? You're going to find him different when you go home because of your attitude.

Now, every person in here should believe on the Lord Jesus Christ, even now. Is that right? Every person should have faith and believe our dear loving Saviour. Believe that He is here. He's the same yesterday, today, and forever.

I believe the man here is a stranger to me too. Is that right, sir? I do not know you. I've never seen you. But our loving kind heavenly Father knows both of us. That is true. You're in desperate need, my friend. What your trouble is nervousness. You've got a whole lot of trouble. What it is, you're a married man; you've lost your job. And you're having mental troubles over that. You have two children too,

don't you? Don't fear. It's going to be all right. Come here.

**L-50** Kind heavenly Father, in the Name of Thy beloved Son Jesus Christ, bless this brother and restore him in Jesus' Name. He has a need, Father, and Thou will supply it. We ask in Christ's Name. Amen.

Look, my brother. Don't worry about that no more. Get it off your mind. Go happy, rejoicing; God will give you another job. Just have faith. Don't doubt. Believe with all your heart that Jesus Christ, the Son of God, is the same yesterday, today, and forever.

You want to get over that throat trouble, setting over there, sir? Yeah. You was healed just then. Stand up. I see It move over you. God bless you, you can go home...?...

Just have faith in God.

**L-51** Lady, you want to get over that rupture, setting up there? Yes, setting there... You accept it right now, you could be healed, while you're sitting... The big lady there, God bless you. You can go be made whole.

Have faith in God. My, if you just only believe.

You want to get over the sinus? If you believe it with all your heart, setting up there, you can get over the sinus and be made well, if you accept it. Believe that Jesus Christ makes you whole. God bless you.

Oh, how wonderful. I just praise God for His Presence.

You're the patient, are you, lady? I don't know you. God knows you. Do you believe me to be His prophet? Now, that's just His preacher. See? You believe that to be true? Your operation didn't do you any good, did it? You just come from the hospital. You had a--something wrong in here. They operated in... It's a gallbladder operation, they had, gall stones. What they removed the stones from the bladder. You can't keep nothing on your stomach. You're real weak. Is that right? Jesus Christ will make you well. Do you believe that? Come here.

Kind heavenly Father, to this poor little dying woman, standing here, frail. And--and the doctors has done all they can do for her, and we thank Thee for what they've done. But, Father, they haven't--they haven't hit it yet.

Satan, you've hid from the doctor and from his knife; but you can't

Now, if he is my brother, and we are brothers in Christ, then let the Holy Spirit, by a Divine gift, come and do something for him now. See? I don't know, he might be having domestic troubles. He might be sick; he--he might be... don't know what... He might be wanting to go somewhere and don't know whether he wants to... whatever. He might be trying to find the will of God. I--I couldn't tell you. God knows that. I couldn't tell you. But God does.

**L-66** Now, if the Holy Spirit will come and reveal unto this man, through the power of the Spirit of God, just what he should know... If there is anything in his way, the reasons, what's his sin, or what he has done, or what is wrong. If God will reveal that, will every one of you accept it then? Say, "I believe with all my heart." That's right. God bless you.

I just... in talking to you now. Now, us being strangers, then we just the same as... our Master stood at the well and talked to the Samaritan woman, then wouldn't we? And He talked to her, 'cause she was human. He was human. As far as being flesh, He was human. In Spirit, He was God. But as flesh, He was the Son of God. You believe that don't you, 'cause you're a Christian.

**L-67** I know you're a Christian, because the feeling of your spirit; it's welcome. But then if God will reveal to me where your trouble is and what you're wanting, and what desire you have of Him, and so forth, will you accept it then? Knowing that we're so... do not know one another. Then you will have to know it comes from some supernatural resource. And you accept it then as God. Well now, may He grant it, is my prayer. But... You are a nervous person, very nervous, not in a way of being shaking nervous, but I see you as a child. You're--you're a person that thinks and plans way ahead of things. And that's caused you to have a nervous condition and it's interrupted in the bowels. Is that right?

And it's caused, like a constipation. Is that true? Then you... You might not know this, but you got skin disease. It's cancer. Was you aware of that? I seen something fear and turn dark around. Is that the truth? Now, if that's the truth, raise up your hand. Now, how did I know that, not knowing you?

making Himself manifest, proving He's the same yesterday, today, and forever. See? That's the way. It's what He does.

Now, just real softly, and please don't move around. See? Just be as reverent and keep your seat wherever you are now, at this time. Let's be reverent now, before the Lord. I been preaching; now He will come and preach. See? Now, you listen to what He has to say. See?

And now, let's real slowly... Now, this is my first night here, and I'm tired. And let's--let's just kindly, real slowly, kindly hum "Only Believe" now. Come on, now everybody together.

Hmmmm, Only believe, only believe.

Let's imagine you see Him coming down off the mountain, walks down to a man that had an epileptic child. Said, "Lord, have mercy on it."

He said, "I can if you believe. For only believe, all things are possible to them that believe."

**L-64** O Lord Jesus, Son of God, come tonight. Make Thyself known to Thy people, Lord. And now, I pray that You'll help me to be submissive to Thy great power and Thy will. And Father, bless this little audience of people and may they be submissive, every spirit. In Jesus Christ' Name, I ask it. Amen.

Sure you all Christians, can appreciate what I'm trying to do here, trying to represent your Lord Jesus, before peoples. And they're not a hundred percent believers in here tonight. You can feel it moving, switching and... But I know He's here now.

Now, in the Name of Jesus Christ, the Son of God, I take every spirit in here under my control for the glory of God.

**L-65** How do you do, sir? Now, just have to talk to you, just a few moments, just in order to have a contact of your spirit. We're both men, both human. And if I could help you and wouldn't do it, I'd be a brute. I'd be heartless if I could do anything for you and not do it.

I don't know... I've never seen you in my life, is that right? We are perfectly strangers. Now, the audience can see this man, and you may know him. I don't--never seen him in my life. It's the first time we ever come in contact with one another. But God has knowed him since he was born, and before he was born. He's knowed me.

hide from God. Come out of her. In the Name of Jesus Christ, leave the woman, that she can live.

I wasn't yelling at you, lady. It was him. He was trying to hold. You're going to get all right. And you go on, just rejoice and be happy and thank God.

**L-52** Excuse me, friends, if I yelled out loud. It wasn't I was yelling at you. Demons sometimes has to be forced. See? They don't want to move. That woman was... He was determined to take her life. There's something wrong with her. And I forget what it was; but anyhow, the doctor had operated, or something like that. I see him do it with all good faith. But he hadn't hit the spot. But you watch her now, see what happens. See? You'll get well.

Somebody just healed had a connection with you. Isn't that right? Some young man, awhile ago, or something... Oh, is that what it was? Seen it move in there some way. You all from a city called Lincoln, isn't it? Lincoln, Illinois?...?...?

**L-53** How do you do, lady? Do you believe me to be God's servant with all your heart? If Jesus Christ was standing here with this suit on, as far as He knew, He'd tell you He had already did it. But for your healing, He had already done it. But He'd tell you what--what your trouble was. And by that, might make you have faith, while He's setting at the right hand of the Father, but He sent me to do that. Do you believe that? Then I can, by doing so. You're--you're suffering with some kind of a--like a headache, it's migraine headaches. Isn't that right? You're extremely nervous. And you have some kind of a trouble in your bowels, colon trouble. Isn't that right? You've just had something that's happened in your home. No, it's a... You've had a cross-eyed child healed. Is that right? That was in this meeting. That's right. I see it on this same platform. Isn't that right? You have a wonderful faith, lady.

**L-54** Just a minute. Here it comes again. You're not from the city though. You're from a--a country where there's lots of hills. It's--it's a--mountains, Colorado. Isn't that right? Yes, sir. Riggley, or something like that, I see the name as you come into the city, wrote on the side.

Is that right? And your... I hear somebody calling you Kathleen (Is that right?) White? Is that right? Go home. Jesus Christ makes you... Amen.

I see where It's at now. There was something wrong with that lady about the intestines or something another. That man setting right there, with the blue-looking suit on, looking at me, you don't have a prayer card, do you, sir? The blue tie, setting there? You got bowel trouble, haven't you? You're going to get well now. God bless you.

Don't doubt, just have faith. Only believe. For all things are possible to them that believe. You believe that is right? Every one with one accord...

**L-55** Howdy do? Are you the patient, lady? Excuse me. All right. We're strangers to one another, lady. As far as I know, I never seen you in my life. I know nothing about you. God knows that. You're a mighty young lady to be standing there sick. I want to ask you something. Do you believe me to be God's prophet? With all your heart? Then I can help you. If you... He told me, if I'd get the people to believe that. And they... And that... I said, "They won't believe it."

He said, "You'll tell them the secrets of their heart, then they'll believe it."

Now, Jesus Christ risen from the dead. Yes. There's nothing wrong with you...

#### **54-0228E - Assembly Of God, Phoenix, AZ (Paragraphs: 59 - 80)**

**L-60** who has Right here, you, sir? All right, come here. who has Prayer card All right, lady. who has prayer card Reason I do that, these stretchers and things, they can't get up, and some of them is deaf, and they can't move and they miss their turn. 9, who has All right, lady. 10, who has Watch your prayer card now. All right. 11? Here? Here? all right. 13? 11, 12, who has All right, 13? 14? Who has Anybody got Raise your hand.

**L-61** Now, you got a prayer card, lady? Oh, you don't have a prayer card. That's not her number is it? 14? It's not her. All right. What about the lady in the chair? You got a prayer card? All right. All right,

It might be Spanish or Indian, and they might not... You have it, lady? All right, over here. All right, I guess we got just about enough now to--to begin. All right, sir. Come right over here.

All right now, let's wait just a minute now, till we get these prayed for. Now, come early in the evening, around six o'clock. What they do, they come down and give out all those prayer cards and then get away so that they can get into the service. You see? They give out the prayer cards first. And you come here now, every night. Every day there's a new bunch of prayer cards give out, so you don't have to worry. You... "Well, my number wasn't called." It would be... You have the same... tomorrow night.

Now, in all of that, you don't have to have a prayer card to be up here. I ask you this. And challenge this in the Name of Christ. If you're in here, or where you are, without prayer cards, if you will look this a way and believe the truth, that I've told you the truth, see what God will do back there. He knows right where you're at and all about you. Don't you believe that?

**L-62** Now, how many in here that does not have a prayer card, and wants to be healed tonight, so that the Holy Spirit can see, raise up your hand? Well, it's just about solid; I would have no way of... All right. You don't have prayer cards, yet you want to be healed. Then I want you to look to me and just say, "Lord, I believe the man has told the truth, and I accept it that way." And see if the Holy Spirit will... See what He will say. All right.

Now--now, I want you to be real reverent and every few minutes, we'll give just a little bit of break, so that... Now, I'm telling you now, "Good night." If the Holy Spirit should come, then it... You're... See... You're standing here and yet you're, maybe twenty years back in somebody's life. And you... After a time or two, you get so weak, you don't even know whether you're here or whether you're somewhere else. See? It's a Divine gift. It's doesn't heal you; it only helps your faith to come up where you can believe God. All that understands, raise your hand so I can... See, I'm not trying to say I can heal you. It's God's Spirit moving.

**L-63** Just like Jesus when He was here... It is Jesus. It isn't... It's Him
