L-59 Now, in the Name of Jesus Christ, the Son of God, I take every spirit in this room under my control for the glory of God.

Now, lady, I just want to--to talk to you just a little bit. I--I have... Well, I have no way of knowing--knowing you, but it's only God Who knows you. Is that right? Now, this is... We're strangers to each other, are we?

Now look, friends, this lady and I are strangers. We have never met in our life. We're perfectly strangers. And I suppose... Are you Spanish? I thought so. Si.

Now, but she speaks English. Now, we--we don't know one another. She was probably raised here in Arizona. Whether she was... she might've been... come from Mexico or some... I don't know. But anyhow, we was born, perhaps, miles apart, and know not one another, never met before in our life, till right here. Now, how... What would I know about the woman? Not a thing. God knows that to be the truth, right now. But He knows everything about her. Is that right?

L-60 Then He... if [Blank.spot.on.tape--Ed.]... raised from the dead, and He said... Now, what if Jesus was standing here before the woman. Now, He couldn't tell her, "I'll heal you,"

because He's already did that, if that's what she needs. If she needs finances, He--He's her finance. He's... She needs a Saviour, He's her Saviour. Whatever she has need of, Jesus Christ can supply that need, and has supplied it.

The only He could do if He was standing here, would be tell her what her needs was, like He did the woman at the well. Here to begin with tonight is a perfect picture of Jesus and of that time at the well.

Now, not me, but Him. See? She is a Spanish woman, and I'm Irish: quite a difference. All right. Notice, her people came from Spain, mine from Ireland. But here we are standing, two, just like Samaritans and Jews that night.

L-61 Now, see, and if I have told the truth, that Jesus raised from the dead and promised the things that He did, we'd do also. And I claim that when I was born, no religion at all... My people before me, from Ireland, 'course were Catholic. But my family had no religion at all. In the very morning when I was born, three minutes old, when they opened a little old window (not the kind you have here in Phoenix, no), a little wooden door, just pushed it open. This Pillar of Fire that you see here, come right in and hung over where I was laying at. The first thing I can remember: seeing a vision. See? Nothing that I done, God just let me come on this earth to do this work for Him. I'm only doing my duty to God. See? Nothing for me, it's for you. Now, if He's standing here the same yesterday, today, and forever, He will know it.

L-62 Now, lady, I just want to look at you, just a moment to speak with you, just to contact your spirit and to--to see what the Lord would tell me.

Of course, you know I've been stalling for Something; it's the Anointing of the Angel of the Lord. 'Cause if He doesn't come, then I know nothing. But when He comes, He knows all things. If He will, by His grace, let me know what's wrong with you, you will accept your healing, or whatever it is. Is that right? Here It is.

You have some kind of spell; it's epilepsy. Isn't that right? Now, just a moment. Now, here's the thing. There's something wrong with the woman. The vision's left me. There's something wrong with the woman; I know, the jerk from the audience. Now, be reverent. Now, friends, this is not playing church. Now, be reverent.

Now, just a moment, lady. I want you to look this way again. I lost what it was. There it is. You had something you fall with or something, and... Oh, it's epilepsy. There it is again. That man has epilepsy setting right there. Isn't that right? Lay your hand over on him. Look here, lady. Look here, sir. That demon... See? Look here. I can see that with my eyes. See that black streak moving from one to the other? That's them demons crying to one another for help. They know when their time's come.

L-63 Look here, lady. I want to see what's going to happen. You're worried about somebody too. Yes, she has cancer. Is that right? And don't she live near the mountains, like Superior, or something. Is that right? Keep your minds on God.

Almighty God, Creator of heavens and earth, I condemn this devil. You're not scared of me, but you are of Jesus Christ Who can cast you out. And I'm standing as His representative. Come out of there, in the Name of Jesus Christ. May they go and be made well, in Jesus Christ's Name. God bless you.

Thanks be to God. Oh, you'll see the glory of God.

L-64 You're waving your hand there--there, sister. You was kind enough put your hand on that man's back for me, to pray with me, now, you been having colon trouble, haven't you? Isn't that right? Raise up your hand, if that's right. Now, it's left you. God bless you. You were kind to someone else. God be with you.

Believe with all your heart. Believe that Jesus Christ the Son of God is near; you shall have what you ask.

blessing for Your servant, I pray in Jesus Christ' Name. And everybody that believes that you're healed, stand to your feet and give God praise, and you shall have just exactly what you've asked for in the Name of Jesus Christ. All right, Brother Boze.

power and move on her." And all these others that a pulling out there, diabetics out there, feeling them scream and cry for mercy, Lord, please right now heal every one of them. May the power of Jesus Christ move into this audience and heal every diabetic here. Grant it, Lord. I condemn this disease right now, in the face of Calvary, that God Almighty will heal every one of them in the Name of Jesus Christ, His Son. Amen. God bless you. Go happy, rejoicing. God be with you.

L-109 Is-is that the end of the prayer line? All right. Now, I tell you what let's just do. Let us lay our hands on one another now, for this prayer, somebody. Now, just be as reverent as you can. Now, as we are praying, everyone with one accord. I want you to repeat this prayer after me. I'll repeat it; I'll say it and you pray it from your heart.

L-110 Dear Lord Jesus [Congregation repeats after Brother Branham--Ed.], I now believe with all my heart, that You're the Son of God, raised from the dead and living among us tonight. And I accept Your sacrifice that You gave for me at Calvary. For there You were wounded for my transgressions and by Your stripes I am healed. O, God, grant that now. I pray, Father, that while they have made this confession, saying, "By Your stripes they are now healed." I pray, God, that You'll make every one of them whole. May the Holy Spirit so dominate in here now, that every shadow of darkness be drove back. And hear my prayer, Lord, and hear Your servants, Lord, as they are praying, everywhere. And just a shadow of darkness hanging around here, trying to make the people disbelieve. But now, You are more than a conqueror. And I come in Your Name, believing that You have ordained that this service should be here tonight, believing that we stand here in Your stead. And I condemn unbelief and scatter it from this building in the Name of Jesus Christ, that Almighty God can pierce His Spirit into every heart here and all be healed at this one time. Almighty God, You do this

All right, Brother Brown bring...

L-65 How do you do? The baby... Hi, sweetheart. All right. All right. Now, I want you to look at me a moment. You believe me to be God's servant? I believe that comes from a true heart. Yes, it's for the baby.

If I can tell you by the power of God... I couldn't heal your child, but if I could tell what's wrong with the child, would you accept Jesus as the child's Healer? The baby is suffering from tumor. Is that right? It's two tumors, and they're on--one on each kidney. In the Name of Jesus Christ the Son of God I condemn the tumor that it leaves the child, in Jesus' Name. Amen.

Mister, the prostate trouble left you standing there too, sir. See?

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

L-66 All right. All right, next. Oh, the next... Who is the lady that's...? Look on me, sister. Do you believe me to be God's prophet? A servant, I meant to say. I don't know you, but God knows you.

If the Lord Jesus will let me know what is wrong with you, will you accept your healing? Look on me then just a minute, same way Peter and John passed through the gate called Beautiful and said, "Look on us."

I see a crash. You've been in an automobile accident, and it's your back. Is that right? You believe Jesus makes you well? All right. You can have your healing. You can go home now and be well in the Name of Jesus Christ.

L-67 Have faith. All right. Believe. Only believe; all things are possible. Pray for me, church. I'm getting weak as...?... All right. You'll never know what that does to me.

Like I see a airplane fly through here just then. Here It is. It's for that little mother, got somewhere there, got a son in the Air Force, haven't you? That's right. Stand up. You was

thinking about him then, wasn't you? God healed him just then. You'll hear from him. God bless you. Go now in the Name of Jesus.

L-68 We are strangers to each other, are--are we, lady? I don't know you, but God does know you. You believe me to be His prophet, or His, you know, to see... A prophet is a preacher, that I might... Sometimes It speaks it out like.

We are strangers to each other, aren't we? I don't think I ever seen you. But you're having some trouble. and some examination that showed... They're looking around on the back at the hospital or a clinic, or some kind of an x-ray thing. It's a floating kidney and cancer also.

I can see him now looking at the other doctor, and shook his head. Isn't that true? You believe Jesus is going to make you well? Come here.

Kind heavenly Father, as I hold my hands against her body, may she be healed. May she live, Lord, for Your glory. In Jesus Christ's Name I ask it for God's glory. Amen.

L-69 Do you believe Him, lady. The heavy set lady, sitting there, do you believe me to be God's prophet? Wouldn't you like to go home and eat a good decent supper again, get over the stomach trouble, be made well? If you believe with all your heart, you may receive it. You believe it? All right. Stand up to your feet, say, "I accept it now." And go home and be made well, healed in Jesus Christ's Name. Amen.

Watch this...?... You believe God will heal you with that heart trouble? Setting there with your finger up close to your mouth, you believe with all your heart that God will heal you? You do it? Stand up to your feet and accept your healing. Yes, that's you. That's right. Stand up; Jesus Christ makes you well. Amen.

Being you was so kind, lady, awhile ago, that asthmatic condition left also. Amen. Now, you can go. God bless you, and be made well.

Let's say, "Praise be to God Who giveth us the victory

body up into... set on His right hand, and sent His Spirit back here, the same Spirit that was on Him doing the same works, seeing the visions, confirming the Word, following the Father's orders. Just exactly. He said, "A little while and the world will see Me no more. Yet, you'll see Me for I'll be with you, even in you, to the end of the world." How much more could a loving, kind Father do? [\[Romans 10:17\]](#)

L-108 Now, bring the patient. How do you do, lady? I suppose we're strangers to each other, not knowing one another, but Jesus Christ knows us both. Is that right? And if we being, you and I, just strangers to each other, but standing in His Presence... He's here. If I could heal you, I would certainly do it. But I can't. But your life, you couldn't hide now. That's right. You couldn't hide it, not because it's me, but because it's Him. And His promise, He told me to--that I could--I'd do this. So if He would reveal it to me, then... Just like if one of them men there were standing here and God would reveal it to them, they could tell you just exactly. See? But He has to do the revealing. See? That's exactly right.

I'm not reading your mind. I'm only talking to you as a Christian to a Christian. But you are a Christian woman with the baptism of the Spirit. But... And your trouble is in your bloodstream. It's a diabetes. Isn't that right? You have a asthmatic condition too, kind of a coughing like. I see you. You're weak and run down, nervous, upset, 'course, that would do it. Now, Jesus Christ is here to heal you. You believe that? With all your heart? You now accept it? Let's just go to Calvary, right now, by faith. Let's you and I climb this hill here to Golgotha, and there, Emmanuel's Blood pouring from Calvary, just as fresh in the Presence of the Father, as the hour it was done. And I bring you as my sister to Him. And say, "Lord Jesus, this my sister here, being eat up with this condition, I pray Thee, Heavenly Father, that Your Spirit will come upon her now, and she'll be made completely whole. May the Holy Ghost just come in great

It's your possession. I asked you to raise your hands, who was Christians. Your hands went up everywhere. You are--have a legal right to everything that Jesus died for. He died His death there at the cross, and gave His life that you might have the legal rights to every redemptive blessing He died for. It's yours. You're just afraid to possess it. You're afraid to claim it.

L-105 Look. When God told Moses, "Go, take the land, it's yours. But it's all fenced in with Philistines." But said, "Everywhere you set the soles of your feet (He said to Joshua) is your possession." Now, why don't you do that tonight?

L-106 If one person in this building... One supernatural thing could take place, it would confirm and would prove, that the Word of God that I have spoken is the truth. Now... And if I have told the truth in the preaching of the Word, surely, God wouldn't let a man that was a deceiver of the Word go forth and do the same signs that the Lord Jesus did. If he didn't, with all of his soul and heart, give credit to Almighty God and say it's the resurrection of Jesus Christ, and tell the truth, God would have nothing to do with it. Is that right?

L-107 Then when I've told you this and God has said it's the truth, I say that every person in here... If there's sin in your life now, get rid of it now. But accept Jesus tonight as your personal property, as Jesus Christ (your personal property), to heal you right now, and there will not be one feeble person leave this building. That's right. Every one of you will go home with a faith sticking here, no matter what you feel like. You'll go home well because God has said so. It's yours. "Faith cometh by hearing, hearing of the Word." It's yours right now, to every one of you.

How much more, friend, could--could God do? Can He--did He ever do? Did God ever do any more than He's doing right here? First, He sent His Word; His Son, manifested, sent Him back, took His Spirit, tore It loose from His soul, took His

through our Lord Jesus Christ. Have faith in God.

L-70 Is this the patient? How do you do, lady. God bless you. I suppose we're strangers to one another. God alone knows us. But He does know. I don't know you and you not knowing me. Oh, God must...

Lady, do you believe God will heal you with that goiter, setting there, right back there? I see you're praying about a mother too. Your mother's got TB, hasn't she? Isn't that right? You will accept and believe, you shall receive what you've ask for if you can believe it.

You're... We are strangers to each other, but not before God. Sometimes when the Spirit is moving out over there, I can't hardly see It, it's back in the dark. Christian friends...?... sitting back in there, just keep praying.

I seen a little child that's in here somewhere that's got a heart trouble, setting right back in there. I can't see it under the light here. But It's hanging to a child with heart trouble. You believe He's going to heal it? You accept it? Stand up to your feet. God bless you. And go home and be made well, in Jesus Christ's Name.

Only believe; all things are possible. It just keeps moving out in the audience. You see?

L-71 I see you moving from me. You're not from this city. You've got something... I see Indians around where you're at. You are a missionary to the Indians. And you're from a place... I see where you come down, passing a sign, Parker it's called, Parker, Arizona. And you're a--got a gallbladder trouble. And you're... varicose veins are in your legs, and liver trouble causing that acids in your mouth and bitterness. Isn't that right?

Oh, I see you talking to a man that I know; he's a big fellow. It's George Craig from Indiana. And isn't there someone else with you, a woman, a missionary too, that's suffering with the same thing that you have? Go, lay your hands on her, 'cause you're both healed...?... healed in Jesus Name...?...

Have faith in God. Don't doubt. You believe? All things are possible to them that will believe.

L-72 You want to get over that heart trouble, lady? Believe God's going... He healed you right then. Stand up on your feet. Jesus Christ makes you whole.

Now, you're going to interpret for her? She is--she's Spanish, of course, and she has a... She's got a heart trouble and a diabetes. Is that right? And by faith you're Catholic--Catholics. Is that right? You believe me to be God's prophet? You accept Jesus now as Healer and Saviour?

In the Name of Jesus Christ, I condemn the demon that's bound this woman. May he come out of her...?... being upon you and for your...

Let us say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

L-73 Good evening. You speak English? A little bit. You believe me to be God's prophet? Thank you. I'm not saying that, for I'm... He told me, "If I'd get the people to believe me..." And the only way, when I catch your spirit... You... If I've told the truth of Jesus Christ, then He will vindicate that I'm telling the truth. Is that right? Now, I go to meet you.

I see a accident. You've had an accident, a car accident, and it smashed your ribs. Don't they call you "Luck" or something like that? Isn't you name, Bru--Bruso, or Brusa? Isn't that right? And don't you live near the mountains? You're from Superior, Arizona. Go home; be made well in the Name of Jesus Christ.

L-74 You want to get over that TB trouble, brother? Raise up your hands and say, "Praise the Lord. I love You. I want to be made whole."

Do you feel...?... you're setting...?... lady? Go on...?... home rejoicing, saying, "Praise be to God."

Have faith; believe. All right. Bow your heads while this deaf woman receives her hearing. Almighty God, in the Name of

You've had it for years. And you believe that He... Will you surrender your life completely to Him and serve Him the rest of your days with all your heart, soul and mind, if He will make you well? Come here. Father, I bless this young woman, who Satan has determined to take her life, young. I pray for her and bless her in Jesus Christ's Name, that she will be made completely whole. Amen. God grant it. Amen.

L-103 How lovely you are to wait. I believe that our Lord is here to--to make you well tonight, do you believe that? Before we offer prayer for this woman, I want to pray for something right here now. I see something.

Kind, heavenly Father, I pray that in the Name of the Lord Jesus Christ, that You'll help at this moment. And, Lord, may the sick people that's here in this audience right now, know that You are the Son of God, that You're standing here and Your Presence is--is near now, and You can make every one of them well. And dear God, there may be two or three hundred in here that's to be healed tonight. And I ask Thee, kind Father, if You'll move back every shadow of doubt. Move back all the spirits of opposition so that the Holy Spirit can take the heart of the person tonight and let them see the resurrection of our Lord Jesus Christ. Grant it, Lord, through His Name, I ask it. Amen.

L-104 I've often wondered for something to happen once more, that happened here at Vandalia, Illinois. Certainly, God knows every one of you, every person in here. He knows everything about you. Isn't that right? Now, I--I don't want you to think that this is like a show. It isn't--it isn't a show. It's the Holy Spirit preaching the Gospel, confirming the Word that has been preached before. See? The Word that was preached before, the Holy Spirit's here confirming that to be the truth.

Now, what could I do? What can I say? I say this, my friend, to every one of you in the Name of the Lord Jesus Christ, that every person in here was healed when Jesus died at Calvary.

time, is a stomach trouble, an ulcer in the stomach. But if I'd tell you that you were going to be well, would you believe it? You are. Go, and Lord Jesus make you completely whole and bless you.

L-98 Nervous, upset, heart trouble, mainly caused from a nervous condition, which cause when you eat, makes it worse than ever. Go, accept your healing right now and say, "Jesus Christ, I thank Thee for my healing." Base your faith upon His Word, on His revelation just now, and it'll never bother you no more. God bless you. Be made well.

L-99 Come, lady. You believe? You're praying for that baby, aren't you, lady? I seen you come here before me just then with this lady. You want to get over the female disorder that you have? You believe that He heals you now? I bless thee, my sister, in the Name of Jesus Christ. May you receive your healing. Amen. God bless you, lady. Go, rejoicing now, being happy and thankful, and God will make you well.

L-100 How do you do? You believe with all your heart? If I didn't even say nothing to you, just laid hands on you, you know that His Presence is here. You believe He'd bless you? Because I'd be doing what He said. He said, "These signs shall follow them that believe. If they lay their hands on the sick, they'll get well." You believe that? Then if I'd lay hands on you, you'd never go blind; Your eyes would start getting better right now. Is that right? Then in the Name of Jesus Christ, may you receive it, Amen. Go, thanking God and being happy, rejoicing.

L-101 You believe with all your heart? Don't you want your kidney trouble, be made well? You believe it was healed while you was standing there? You--you were. God bless you. God bless you. May you go and receive what you have asked for for God's glory.

L-102 How do you do, young lady? Nervous, upset, heart trouble, that's what. It's a so nervous, heart is what's done it.

Thy Son Jesus, remove the curse of that devil that...?... her ears. Come out of her.

Do you hear me, lady? You hear me now? You hear me now? Say, "Praise the Lord." [The sister says, "Praise the Lord"--Ed.] You're healed, sister. Go off the platform rejoicing...?... happy.

Say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

L-75 You believe me, lady? Do you want to go eat again, get over that stomach trouble? Just say, "I accept it in Jesus Name." God bless you. Go, receive it, in Jesus Christ's Name. You believe, lady? You want to get over that female trouble? Go accept Jesus and be made well.

You believe Him with all your heart? You want to get rid of stomach trouble too? Go eat your supper, in the Name of Jesus Christ and be made...

You want to get over the back trouble, do you, brother? Go thanking God and praising God...

The whole group of you can be healed. Have faith in... Have faith.

Come, lady. You're young. You're nervous, upset, made a peptic ulcer in your stomach for stomach trouble. Go eat. Jesus Christ has healed you.

L-76 Come. You've got an abscess on the ovary, a female trouble. Jesus Christ makes you whole. Go home rejoicing and be made well, in the Name of Jesus Christ.

You have a nervous condition, cause you to feel real gloomy in the afternoon. I see you again, turning away from a table. You've got a ulcer in your stomach. Is that right? You did have; you haven't now. Go home and be made well in the Name of Jesus Christ.

You believe you're healing...? Them old spirits...?... heart trouble you had. Go home now and be made well in the Name of Jesus Christ. Believe with all your heart.

You believe me, lady, as God's servant? You got a coughing

condition, which makes it asthmatic. Go home and believe God with all your heart and be made well. All right.

L-77 You believe me, lady, with all your heart? Huh? You got anemia condition. Isn't that right? And you're not a Christian. You're... You've been thinking about becoming a Christian. What about doing it right now? And God will take you to Calvary and give you a blood transfusion from His soul. Will you accept Him as your Saviour?...?... [Congregation worships--Ed.]

Almighty God, Author of Life, Giver of every good gift, send Thy mercies upon this people, and may every individual in here be healed. I condemn every demon that's bound these people. Satan, you can't hold them any longer. Come out of them in the Name of Jesus Christ. Every man and woman that believes that you're healed...?... raise to your feet...?...

54-0314 - Southland Theater, Columbus, OH (Paragraphs: 65 - 85)

L-66 ...Outside of my son and the Reverend Collett, is the only persons that I know and see. But do you know Jesus Christ knows every one of you. How many of you out there now, doesn't have prayer cards, doesn't have the prayer card, yet you say, "Lord, I want You to heal me tonight." I want you to raise your hand. That's wonderful. It's just everywhere, so you couldn't hardly tell which is which. I'll do this. These people standing here with prayer cards... You out there pray with all your heart. And say, "I believe, Lord, that You're going to heal me." And watch the same Lord Jesus that could tell the woman touched the hem of His garment, watch Him turn around and speak to you. See? You believe He is the same? [Blank.spot.on.tape--Ed.]

L-67 ...Her finger touched Him. Won't He turn the same way? He turned in the Person of man. But He's still... It'd be the Lord Jesus. I don't know you. You know that. But He does

for a blessing. Is that... Come here. Father God, may our brother receive just what he has asked for. And may he be Your servant and used in Your service. Kind heavenly Father, we pray this blessing in Jesus Christ's Name. Amen. God bless you, my boy. May you win souls to Him in the Kingdom of God.

L-92 You believe, sir? With all your heart. That's very fine. I like to hear you say that. God be with you, young man. You have heart trouble, don't you? You have sinus trouble too, don't you? I see. And here's something too. On your left leg there's a growth on the thigh. Is that right? Is that true? Do you believe your in His Presence, not the presence of your brother, but of your Maker? You believe that? Go, and may the Lord Jesus make you completely whole, my brother, and use you for His glory.

L-93 Come. You had heart trouble too, didn't you? You believe that God will make you well of it? You believe He will heal you? You do? All right, stand up and accept it, the lady right there with the blue dress on. God bless you.

L-94 What did you say, "Praise the Lord" for, right behind her? You was healed of heart trouble the same time. Lay your hand over on your husband there for that internal trouble he has, and Jesus will make him well.

L-95 Your stomach trouble, you can go eat what you want to, brother, if you want. You believe that God will make you well? Go eat your supper then in the Name of the Lord Jesus and be blessed. God bless you.
Let's say, "Thanks be to God."

L-96 You believe He made you well, setting there, with all your heart? He did. You can go on your road rejoicing and saying, "Thanks be to God."

L-97 Come, lady. Awful nervous, aren't you? And through this nervousness has caused many things to happen to you. One of the main things that's bothering you right at the present

then moved away. Have faith in God. And may God make you well.

L-88 How do you do, lady? You believe with all your heart? Well, that cancer you've been fearing about... See? You're nervous and upset, afraid of that cancer; it's gone from you now. You can go home and be made well. God bless you and be made well in Jesus Christ's Name.

L-89 You ought to know now that the Lord Jesus Christ... I have told the truth. I've told you the truth.

L-90 See the man praying? His words has come to the heavenly Father, that God would heal him. He's setting with his hands folded; he's in prayer. He's touching the Holy Spirit. Sir, you have high blood pressure, don't you? Isn't that right? It just dropped from you just then. Stand up to your feet. He heard your prayer. God bless you. Go home, believing, now, and you shall have what you've asked for.

L-91 All right, come. How do you do, sir? You believe me to be His servant? You do. Well, I'm a stranger to you, but God knows us both. We got to stand in His Presence. Isn't that right?

Oh, my loving Christian friend, the Lord Jesus wants... I wish I could have this type of faith in every meeting I go into. We just wished it could be... God's going to surely bless Chicago in another revival some of these days. See? Surely, surely He will. With all this faith moving up, oh, I just can't hardly... It's just coming from everywhere, of the people.

Now... Is this the patient now?" Excuse me, sir, I... There was a lady setting here and she was... You believe me to be His servant? Then if I have told truth, then God knows all about us. Is that right? You've just received a blessing of healing. There was some sort of a kidney trouble. Isn't that right? Well, what you're wanting now, you believe me, and your--feel you have a call to the ministry. Isn't that right? And you're come up here, you want me to lay hands on you to...?...

know you, doesn't He? All right. If the organist will, can you play that "Abide With Me," sister? Do you have it here, in there, if you will?

Now, I want everyone reverent. Now, remember in anywhere in the building... So I have to say this. It's the law in most of the states, 'cause there has been some horrible things happen. If there is a critic or an unbeliever present, I will not be responsible for what happens. You should leave the building now (See?) a critic or an unbeliever. For be it assured that I am not responsible; we are not playing church.

L-68 Actually, unclean spirits, epileptic demons go out, and they go to others. I'm responsible for a Christian, 'cause he is a believer. But an unbeliever, you know... Many of you... How many has been in my meetings, and see those things happen? I've seen even chairs come up when demons would be contrary. And as many as twenty or thirty fall at one time with epilepsy, frothing at their mouth to the floor.

So you have to be careful. So by the state law, I've got to make that announcement. I'll not be responsible for critics or unbelievers. So if you're here, as your Christian brother, I ask you to not stay in the building now.

L-69 Now--now, while this lovely song is being chorded low, now, may we just all silently go in prayer. Now, every few moments, somebody let me know... Now, it's going to be real hard, because look. On the platform, you that's been in my meetings before, you know that everything is clear around, is that right? But there is sick people sitting here, probably, and they're all around like this. And here's spirits moving everywhere. See? And God help me to know what is--to get it right. See? 'Cause it's from both sides.

Usually I don't... No one is on the platform but my manager, Mr. Baxter. He is the only one that comes to the platform. But now, we can't do it in this church. And to you people... Now, if the Lord Jesus will reproduce His Life here, how many of you is going to accept Him as Healer? Let's see your

hands. "I'll-I'll accept Him as Healer." If He will do right here what He said that He would do, you'll believe Him? All right. The Lord bless.

L-70 All right, let's see. (Where is the--the people that's sick they're right...?... What? Right here? This lady? All right.) Now, everyone just reverent as you can be. Just stand right here, if you will. All right. Now, everyone please... See, if the Holy Spirit anoints me, after a few patients, I'll... It'll... I will become unconscious. You, see? It's just... You go into another conscience, another dimension, if you want to call it that. And it sees what has been and what will be. See?

And I want you to be reverent and respect the Lord Jesus that I am representing to you, your Saviour. And to you Christians here, I'm sure you understand what I'm trying to do. And around me everywhere is to represent Jesus Christ to this audience.

Now, don't stir around. Just be reverent. And now, thank you, sister, very much.

L-71 Now, the lady here, of course... I want to talk to her, just a few moments. Just... I just want you to answer me, just like our Lord stood at the well and answered the--the--called the woman. It's... What I sort of think He did that, He was contacting her spirit. See?

I-I'm a man. You're a woman. We are probably raised--born years apart, and raised miles apart, and perhaps this is our first time ever meeting in life. Is that right? First time we've ever met in life. I know nothing of you, never seen you, know nothing of you. God knows that's true. But I never seen you, know nothing of you.

But Jesus, Who is our Saviour, He knows both you and me. Now, if you're His daughter and are in need, I'm His son and sent to do something like preach the Gospel or... Which I'm not very much... [\[John 4:1-25\]](#)

L-72 [Blank.spot.on.tape--Ed.]... hospital. It's a... It's in a--a

troubles. Isn't that right? Some sort of a trouble between you, and you're worried about it. And by the way, you all are separated or something. There's something between you, that you all have separated. Is that true?

Well, come here. Now, Master of Life, while You're standing so close and so present to do Your great miracle work, I bless this woman who stands here. For every need that she has need of, may it be met this night. I pronounce this blessing under the anointing of Your Holy Spirit, in the Name of Jesus Christ, Your Son, that our sister will receive what she has asked for. Amen. God bless you, sister. God be with you and bless you, and help you, and give you everything that you've asked for, in need of.

L-84 Now, let the audience be as reverent as possible. For I say to you in Jesus Christ's Name, that you're under the Presence of the Holy Spirit.

L-85 Lady, with a little, red jacket, setting there, you're praying to get rid of a sinus trouble that you've been having. You were praying then that God would do it, is that right? Yes, sir. That, sure. It left you then. See? Now, may your faith always be that way. And may you never be bothered again through Jesus Christ's Name. May God grant your healing.

L-86 Oh, if this audience would only knew. I wished I could explain this, my Christian friend. I can't. When I spoke that, there was another little lady set to praying, setting there with a little white hat on with sinus trouble, also. You believe the Lord Jesus? You believe that He makes you well of sinusitis? You accept it, with your white gloves on there, little lady looking to me? Yes. You believe that He heals you now? All right, say, "Praise the Lord for healing me now." Go home and be well. God bless you.

L-87 Oh, if you can only... See? You just have to have faith. Now, this man setting here with the trumpet in his ear. He struck God just then. Now, just be in prayer. Moved over him,

(Paragraphs: 81 - 110)

L-82 If this woman's sick and I could heal her, I'd be a brute if I didn't do it. But I couldn't heal her. God's already did that. If she's sick, if it's something else, why then, God can correct all wrong. If anything's wrong, He can make it right. If-if she's not a Christian, God knows it. I don't. If she is a Christian, God knows. I don't. And now, He's here.

Now, in the Name of Jesus Christ, the Son of God, I take every spirit in here under my control, for God's glory.

L-83 Now, you're conscious that something's going on. Now, isn't that true? Right now. If that--that's right, raise your hand, show the people. Something's going... You're in Presence. Just what I said about my wife the other night. See? You know that something happened just then. That was Him. Now, it's coming to me and you; you are a Christian believer. That's right. The Lord bless you. Your trouble--your trouble's in your stomach. It's a, some kind of a growth in there, lump in your stomach, a growth, tumor. You're in need of an operation. But only God alone can make it for you. Is that the truth? Now, ever what taken place just now, whatever it was, that's on me now, knows your life. Is that right? Ever what's on me now, knows you, and It knows me. And I'm so submitted to It till I have no control of my own self. It controls me now. You believe that's the Lord Jesus? God bless you. Then if you're that close and present to Him, where these--miracle is just now taking place. That was a miracle. I don't know now what it was. But I seen something, and ever what He spoke, it's the truth. He just used my voice to speak His Word.

You got some loved one you're interested in too, or something. Somebody's got something with a foot. Isn't that right? It's some kind of a... It's in a cast or something. It's--it's your husband. And he's got a--his toes are broken or something on a... Isn't that right? And I see a streak of darkness standing between you all. You're having domestic

room, it's a... It's been an operation. There's a operation. And that operation was a--a tumor of some sort. And they have... They used some kind of a treatment like a... It's a--it's a radium, a radium treatment. They... And it's caused... You now are suffering with a something wrong in the kidneys, a kidney trouble. Is those--them things the truth? If that's the truth, would you raise your hand if that's the truth? Now, that you heard, that wasn't me. That was my voice, but that's Him that's talking to you. See what I mean. Now, audience, you see what I mean? Now, He's here. He's here to heal the whole group now. See?

I want to pray for you. Kind, loving, heavenly Father, let Thy mercies be upon our sister, and may she go, and whatever is her need, may it be granted. Thou hast said, "These signs shall follow them that believe: If they lay their hands on the sick, they shall recover." And while Your blessed anointed Spirit is on your unprofitable servant, I condemn the disease of her body, and send her home to be made well. In Jesus Christ' Name. Amen.

God bless you, sister. Go happy, rejoicing. Believing with all your heart.

L-73 All right, bring your... Oh, it's this man? How do you do, sir? Perhaps maybe we are strangers to each other. You saw me at Connersville. But I mean to meet one another there. All right. Now, being strangers to each other, well then, I perceive now, that you are a Christian, because your spirit feels welcome. See? And I know it's a Christian spirit in you. And God knows all about you. Isn't that right?

You believe with all your heart? Just have faith; don't doubt. Now, every one of you out there, someone contacted then. It left from me.

Do you believe God will heal you of that rupture, that hernia? You believe it? Stand up on your feet then. Say, I accept my healing now, in the Name of the Lord Jesus. God bless you. Have faith. The same resurrected Lord Jesus lives tonight.

L-74 I suppose that us being strangers, but you're conscious that something's going on. I--th--that's His Presence. Do you believe me to be His servant? You--you're having... Your trouble's in your--your ears. And then you're... What's the whole main thing, you're nervous, real nervous, upset. And you're... That's your disposition. You been that way practically all your life, of a disposition. But you've come to me for another purpose. You've come to me, that I would lay hands on you for spiritual things, isn't that right? I'm not reading your mind. But you can't hide your life now. You're in His Presence. That's right. I hear somebody... [Blank.spot.on.tape--Ed.]

Is your name Don, and your last name Allen? Is that right? You're not from this city. You're from Hamilton. Is that right? And is your house number 1111? Isn't that right? Go back. You're going to receive what you've asked for. In the Name...?...

All right. Everybody have faith now; believe with all your heart. Now, you have no right to doubt God. But if I tell the truth, God testifies I tell the truth. See? That's the way He does.

L-75 All right...?... We are... Now, just everybody be reverent. I'm not beside... I--I--I know where I am. It's the... 'Course, it makes you weak. The prophet Daniel saw a vision and was troubled in his head for many days.

We are strangers, I suppose, aren't we, lady? We don't know each other. But God knows both of us, isn't that right? You believe me to be His seer or His servant? You believe me to be God's servant? You believe that I am His servant? Well, then... No, just tonight. Well, God bless you. I see it turning dark around... No, it's a--it's an operation. You got a--a--a growth in your neck. And that operation is set for tomorrow, isn't that right?

O God, may Your mercy come to our sister, and may she recover, and be made well and normal again for God's glory.

L-84 Every person in here could be made well, right now, if you'd just believe. Friends, God knows all things, doesn't He? There is nothing hid to God. He knows all things, before the world began. He knows all things now. So, how...

Oh, my. If you could only see what's sweeping in this building. How the glory of the resurrection of the Lord Jesus Christ... I know Him now. I know He's here. Therefore, everything is subject to Him. There's nothing but what God can move and do; all things ready...

Would you come? You believe? You believe you were healed while you was setting there? A few things in life you want to give up yet, isn't there? Now, you go give it up, and you will go get well. God bless you. In the Name of Jesus Christ.

Let's say, "Praise the Lord." Oh, what He could do to this audience, right now. You may... You have no right to doubt what I'm telling you right now. It's just like a solid bank over this audience, right now, just like, the Holy Spirit, just moving in the audience. Will you believe me? If you do, say, "Amen."

L-85 I want you to put your hand over on one another, and I'll show you what God will do just now to the sick and the afflicted. I don't care how sick you are, how bad off you are. I want you to believe right now, that God's going to do it. If God, here at this platform, can condemn each individual disease, He can condemn the whole group. Now, I want you to believe. Every person in the building is healed. Jesus Christ did it nineteen hundred years ago. You're here to accept it. There's only one thing that keeps you from having it. That's that little thought of the doubt. So, I'm going to rebuke that.

Lord God, I condemn that demon of doubt hanging over this audience. In the Name of Jesus Christ. Satan, come out of the people. Come out of there. Now, I condemn you...?...

54-0320 - Philadelphia Church, Chicago, IL

God bless you, sister. Go believing now, with all your heart and rejoicing, thanking God for your healing.

L-82 All right. Come, lady. You believe with all your heart? The most dreaded disease of the world, a heart trouble. It's a nervous heart. You usually have your trouble, I notice, when you lay down, smothering. What does that is when you eat, the gas runs up to your heart, what does it. It's a nervous heart; it isn't one of them kinds... But you're going to get all right. I see it turn light around you. So God bless you, sister. I bless my sister, Father, in the Name of Jesus Christ, may she live. Amen. God bless you, sister. Go, believing with all your heart now.

You had heart trouble too. You... When... You... There's something struck you when you... That was when you was healed. Go saying, "Praise the Lord."

Kidney trouble been bothering you? You going to believe that God healed you setting there? Just go off the platform, saying, "Thank you, Lord Jesus," and you'll be made well.

L-83 Let's say, "Praise the Lord." Do you believe? What our Lord Jesus does here, He can do out there. All things are possible to them that believe, you believe it? Be with accord now. Right now, the Holy Spirit can heal every person in here, make every one of you sound and well.

All right. Come, lady. You believe with all your heart? If God will let me know what your trouble is, just like He said to the woman at the well, "Go get your husband." That was her trouble. If He'd tell me... (The visions make me so weak, you see, I...) You believe? Got kidney trouble in your back, is that right? You did have. You haven't now. Go home, your faith has saved you. In Jesus Christ's Name.

Arthritis and things bothered you a long time, hasn't it, lady? You believe you're going to get well now? May you receive it, sister. Go and believe it with all your heart. In the Name of Jesus Christ, the Son of God.

We ask in Jesus Christ's Name. Amen. Go rejoicing and thanking God now. As you believe, so be it to you. God bless you. [\[Daniel 4:5\]](#), [\[Daniel 7:15\]](#)

L-76 You like to get over that gallbladder trouble, and be made well? Believe God would do it? If you'd believe it with all your heart, you could have what you ask for. Just accept it, if you believe it.

You believe? We're strangers to each other. I've never seen you in my life. But God knows all about you, doesn't He? And He knows me. You're conscious that something is going on, aren't you, lady? Now, just so that you'd--this audience will know. It's a real strange feeling around where you're at. That's that Pillar of Fire... That's... I hope the audience sees it. You see? But that's what you're feeling. See? It's--It's there. It's contacting you.

I see some kind of a room. It's a white look... It's a... Oh, you had been operated on. Your operation... And they done something, it's caused a--a bowel condition, isn't that right? They made a mistake there. But God is here to correct it. You believe it?

Lord Jesus, I... Satan, you thought you could hide from the doctor, but you can't hide from God. Come out of the woman. In the Name of Jesus Christ. I ask that You may...?... Amen. Go, my sister, may God go with you and bless you.

L-77 Have faith. Believe. Jesus said, "If thou canst believe, all things are possible."

Having headaches, aren't you? real persistent headaches? You were sitting there praying that I'd turn around and talk to you. I'm not reading your mind, but that's right. And before you left home, you prayed the same thing, isn't that right? Now, I want you, stand there with the red coat on, to stand up. That's migraine headaches. It's left you now; you can go home and be made well...?...

How do you do? Now, be reverent. Have faith. Don't doubt. I suppose we're strangers to one another? And that--God

knows both of us. I--I don't know you, and--but God does. We're just two men that's met here on earth, and our paths has crossed this a way. But He knows all about us. And He can supply everything that we have need of, if we just believe on His Son, Christ Jesus, and accept it. Is that right? You're a Christian. I just wanted to see what kind of spirit you had. That's exact... Sometimes Satan tries to put something over on you, so I test in the Spirit. [\[Mark 9:23\]](#)

L-78 All right. You--you believe. Now, I see you... You're--you're having some... You're... keep sitting up in a bed; you just keep sitting... Oh, it's you can't sleep. You got--you're nervous. Isn't that right? Nervous condition, you--you just can't sleep at night. And it's a... You're--you're not from here. I see you coming through some kind of a place where they're checking up on you or something, It's a... Oh, it's immigration. You're from Canada, Windsor, Ontario. Is that right? And you are an evangelist, a minister. Isn't that right? And your initial is J. W. and your name is Price. Reed. J. W. Reed. I see it on that box sign there where you, see you taking up your mail. See? Well, you're going home to be well now. Come here.

Loving, heavenly Father, the enemy that has brought this condemnation upon the man, I ask that it leaves him. So, Satan, turn him loose. In the Name of Jesus Christ. Amen.

God bless you, brother. Go back now wherever you come from, rejoicing and be made well, 'cause God is with you now and He is going to make you well.

L-79 Let's say, "Thanks be to God." You believe? You believe me to be His servant? You must believe now, sister, 'cause you realize your condition. You got cancer, and you're not going to live long, unless God touches you, isn't that right? Come here, my sister.

Kind, heavenly Father, let Thy mercies be shown unto the woman. May she go from here tonight normally and well. I condemn this enemy, with this church and these believing

people. In the Name of Jesus Christ, may it leave her. Amen. God bless you, sister. Go happy now, rejoicing, thanking God. Just believe it's--it's gone from you now, but when it goes out it'll come back again. If you just--just say, "Thank you, Lord." Just keep on rejoicing. It can't come back then (you see), you're--you're giving God praise.

L-80 All right. Come, sir. I will tell you something. You set right down there awhile ago, and when I was speaking, you were believing what I was saying. Is that right? Well, your heart trouble left you while you were setting down there. Now, you can go on back there believing...?... God bless you. You believe, sir, with all your heart? We're strangers to one another, but Jesus Christ knows us both. Now, I see you moving away from me. Yes, you have stomach trouble. It's an ulcerated stomach. It's caused from a peptic condition from a nervous... caused nervous... it runs a prostate, 'cause you're getting up at nights and things like that. Isn't that true? You believe me as God's prophet? Go out and eat your supper, a hamburger, and go home; forget it. You're going to be well in the Name of Jesus Christ. May God make him well.

L-81 Come, lady. You believe with all your heart, lady? If I could heal you, I'd do it. I can't. But if I be God's servant, your life can't be hid. Isn't that right? You realize you're in the Presence of something besides your brother, is that right? It's His Presence. Had a hard time, haven't you, lady? Life hasn't been a flower bed of ease for you, I see. Been always all your life, kind of a nervous, upset condition. Especially when you was a school child, you had a lot of trouble with it. That's true. Wore a little...?... But now, you're suffering now, with a stomach trouble. That's what it was, isn't that right? And the all... female condition and all that? Come here, a minute.

Almighty God, may Thy blessings come upon the woman. May she go home and be well. In Jesus Christ's Name, I condemn the enemy. Amen.
