**55-0220e - Shriner Temple, Phoenix, AZ (Paragraphs:  
70 - 97)**

L-71 Now, look, to you without prayer cards... When It... If the Holy Spirit comes and starts His work of the Lord Jesus here in our midst, I ask you... Now, these people here, that doesn't mean you're going to be healed, if they're going to come in the prayer line. That doesn't mean it. You have just the same chance, plumb back in the back up here, anywhere He wants to, if you'll just absolutely believe the plain Gospel till you get God, through that birth that's been accepted.

Now, if you'll do that and believe with all your heart anywhere through here, that--that you'll believe with all your heart that the Lord Jesus will grant that to you... Up in the balcony, where ever you are, see if the Lord Jesus doesn't turn around and vindicate the same thing to you.

L-72 Now, if He will do that, will you believe? God bless you. Now, let us sing quietly, if you will. Now, that's good, just be real reverent and be real quiet. Now, my son and my manager here, Mr. Moore, the other assistant here, Mr. Brown, and them that's on the platform, they watch.

It becomes a subconscious. I do not know what's going on. I can tell; it goes into another dimension. We'll explain it after some nights now, what happens to the best we can. We can't

explain it. But what happens? You go into another world. And then we want to see you tomorrow night. Everybody be reverent.

They watch, and when they think I've got enough, then they take me from the platform.

**L-73** Now, the only thing these are lined up for, is just to get the anointing of the Holy Spirit started. Then your faith... See, it comes down here, and your faith operates it. I don't. I have... Now, these people in the line, there's not a person there that I know. Frankly, I don't see a person in here that I recognize outside of...

I've seen a minister here I thought awhile ago that I knew, I believe setting right here. If I'm not sure, this is the brother that has the tabernacle. Little fellow, right here, Brother Fuller, is that right? Brother Fuller... Now, there may be others that I know, and I can't recognize them at this time. And I... That's the only persons in here that I really recognize at the time. Right now.

**L-74** Now, their--their all strangers to me. Now, if Jesus was standing here with this suit on, that He give me, standing here in person, and if you people are sick, could He heal you? No, sir. How can He do what He's already done? Could He save you? No, He'd tell you, "I already did that." The works that...?... saying is finished is finished. Is that right? The work, the complete plan of redemption was finished at Calvary.

Oh. And you cannot in no means deal with sin without dealing with sickness, 'cause sickness is an attribute of sin. So if the work was finished...

**L-75** Now, the only thing He can do is send some good inspired preacher to preach the Word. If you won't believe that, He might have somebody with a gift of speaking with tongues that He could speak and tell a person, "If you'll go, take this thing back, or do something, or...?..." like that

through interpretation. That's the same as prophecy.

Or He has a prophetic gift, that He puts in the church that magnifies, and lifts Him up, and shows to the people. Then you are right where you're setting, then you accept that. Then you're healed. See what I mean? Or then you're saved. Amen. The Lord bless you now. As we sing low, if you will just once. And everybody be reverent now.

*Only believe, only believe.*

*All things are possible, only believe.*

*Only believe, only believe,*

*All things are possible, only believe.*

**L-76** As I know that His anointing is coming near. I can see someone--hear someone down way off like in another land, saying, "Why is he singing?" See? Here it is.

You remember when they played the music when Elijah... and the Spirit of God come up on him. He was a man until then; then he was God's servant after that. He saw a vision. Certainly. You have to get God in the midst of it. See? That's right.

The prophet was all discouraged. He'd been rebuking the false people who were standing by him. He said, "Bring a minstrel." And they'd begin to play, the minstrel, the music started; then Elijah got into the Spirit and begin to see a vision. See?

It's the same God today. If He loved music then, He loves music now. Same Lord Jesus... The Lord bless you now. [\[11 Kings 3:15\]](#)

**L-77** For the glory of God, for the upbuilding of the Kingdom of God, I take every Spirit into my control, for the glory of the Lord Jesus Christ. In anything, may you set reverent, and quiet and listen to the Spirit of the Lord.

Now, if the operator, the engineer of these microphones, if you'll step them up just a little bit, for sometimes after it gets started, I have no idea of how loud I'm speaking or how low. Be just real reverent.

and paralyzed you. You believe me to be God's prophet? You believe me? Will you accept me as God's prophet? Stand up on your feet then. Jesus Christ make you well. Give her a hand there, mister. Stand her up on her feet, tell her to walk on. Rise up. Jesus Christ maketh thee whole. God bless you. Now, you go ahead home. The rest of you believe? How many believes with all your heart? Stand up on your feet. Jesus Christ, the Son of God, will make you whole...?...

**L-78** Now, this woman being coming up here just now, I suppose that we are strangers to each other, are we lady? You and I are strangers to each other. I've never seen you in my life. And I don't know you. So if-if anything could be done for you, and I could do it, I'd be a brute not to. But the Lord Jesus knows you. He knows me. And you being a woman and me a man, if-if God can come on you and use you for a faith and can put His Spirit on here, on me, to use me to speak to you about it, then we praise God for it. Isn't that right? It-it can.

Of course, if He--if He can anoint me so that He can show me something to help you, so then, it's my fault, or something. But He doesn't desire to do it. And if He can't anoint you, that your faith would cause that (See?), then it's then to... It'd be your fault.

But if it's... See, I don't know what you're here for. You know that. But God knows what you're here for. So now, just like the woman at the well, our Lord Jesus talked to her awhile. I think with all my heart He was catching her spirit. See, 'cause if you are a human being the same as I am...

**L-79** And if you're, if it's, whatever it is. If you're burdened, or if you're sinned, or if there's something wrong in your life, or if you're sick, or whatever it is, the Lord Jesus could let me know that. Won't that be the same Lord Jesus that raised up from the dead, the one that was here on the earth? Does the audience believe that, the same Lord Jesus?

You're from here in Phoenix? You... You're here. Well, there's people here that know you. See? I don't know you. But the Lord Jesus knows. Now, us being totally strangers to each other, and then may the Lord help me. Now, if He will go right into the spot and tell me what you're standing there for, then you will accept Him as your as--to give you whatever you want, that you're here for. Is that right? Will the rest of the audience... If God will do that as you see the woman and my hand... I never seen the woman before in my life, no

nothing of her... Now, will you accept Him as your Healer and Saviour...?... if He will do it? Thank you.

Now, just talking to you, so that your spirit and mind... Now, your--your spirit with your faith, and my spirit was the anointing of the Holy--Holy Spirit (See?) to know what is wrong.

Now, to the woman, if the audience can still hear me, the woman's very conscious that something's going on. For she knows she's standing in the Presence of something. Between her and I stands a Light, real bright, emerald looking Light, which is the Angel of the Lord. And the woman is conscious that something's going on.

And she's here for me to pray for her. And her trouble is a depressed, mental condition that's a bothering her. She's mentally upset. And she is also been real sick with the case of... It was in her lungs. It was pneumonia. She's had pneumonia and has been very sick, and it's... Those things were true wasn't it, lady? If that's true, raise your hand?

**L-80** Do you now believe? That voice that's speaking then was not my voice. It was my voice, but I wasn't operating it. I do not know what's wrong with the woman. Whatever He said is on the tape down here. And you can read it tomorrow. Whatever He said is true. That's the truth.

Now, the woman knows. She knows whether it was the truth or not. She's a witness of that what was in her life, what's wrong. Was it the truth, lady? Every word of it was said was the truth? And while I was talking, or whatever that went on there something struck you wasn't it? Because it's light around you. You're healed...?...

Be real reverent and believe with all your heart.

**L-81** Now... Are you believing, sir with all your heart? You're--you're--you're the patient I'm talking to. Are we strangers to each other? Are we, sir? We do not know one another. Come here just a little closer if you will. You've never saw me before? Best of your knowledge you've never saw me. Yes,

or something. And that woman is... That person lives in Missouri. That's--that's right, isn't it?...?... I see a lot of wavy hardwood and things, waving around. It's a--it's Missouri. God bless you.

**L-80** There's a man setting right in behind you there, that walks on a crutch, or a cane, or something. He's turned around, looking at someone. You're suffering with diabetes also. Is that right, sir? You believe Christ heals you? Stand up; lay your crutches, leave it laying on the floor. When you go out, you don't need it no more; you're healed. Have faith in God. [\[Mark 11:22\]](#)

**L-81** Lady, you in the stretcher, I can't heal you. But you believe me to be God's servant? I don't know you, never seen you. You are suffering with a--a... You've been sick before. And you had a--a cancer, and you passed that cancer. A tumor's got you now. But you have faith. Someone else brought you. That's right. You thought, if you could ever get in my meeting again, you'd be healed. Will you obey me as His servant? Take up your bed, in the Name of Jesus Christ and go home. Rise up, take your clothes and go home.

What about you? Have faith? Don't be excited; believe. Have faith in God, any of you. I don't care who you are; make your...?... Someone else raise your hand...?... Here, if you believe, look this way and say to God, "I really believe it to be the truth." 'Course, I can only say as I see. [\[Mark 11:22\]](#)

**L-82** God bless you, lady. Now, you can take your belongings, go ahead home, rejoicing, saying, "Thank You, Lord." You believe it with all your heart, you can go.

What about you, lady, setting there in a wheelchair, looking at her? Do you believe with all your heart? Lady's hard of hearing, but the Angel of God is standing over her. Look on me. You believe me? Now you hear me. You've had an accident. You broke your bone in the side, a leg or hip in there. You've been laid up a long time. Then you had a stroke

caused from overworked nerves. That's right, my dear sister. All you with stomach trouble, stand up on your feet, out there. Is He right? He knows where every one...

**55-0222 - Shriner Temple, Phoenix, AZ (Paragraphs: 77 - 82)**

**L-78** Now, looks like the audience could see this. I wish that--that you could. That Light that you see in the picture, here It hangs right here, just a few feet from me, right in this direction. It's moving up towards the balconies, right in here, moving up. Yes, It's standing over a man, the man setting right up here with a white shirt on, hanging just above him. I believe he's a Spanish man. He's got a little boy setting by him. Did you raise your hand, sir, to be prayed for? Do you have a prayer card? You don't. Do you believe me to be God's prophet? God has honored you, sir. Your wife setting there... That's your little boy, and you want that little boy prayed for. If God will tell me what's wrong with your little boy, will you accept the healing? The little boy has stomach trouble. If that's right, wave your hand. Your little boy's going to be well; the blessings of God is upon him.

Have faith now, everyone. The God of Abraham is present. He's your God. Have faith; believe. Somewhere in the audience, believe.

**L-79** I see It hanging over a man, standing right back here. The man has something wrong with him; he's praying right now. And in his mind, he's wondering if it's him is calling. The man has rupture. That's right. You're a stranger here. You've just come here recently, perhaps today. You came from California here. That's right, isn't it? God bless you. May you go back well. Have faith.

Kind of a heavy-set lady looking to me, praying. It's not for yourself; It goes to a lady setting next to her. Your mind went far away. You're praying for somebody else, too. I don't know you, but you're praying for a friend of yours that's crippled,

yes, sir.

The people can hear his voice coming in. Spirits call for help one to another. You've been very nervous recently. You got a sinus trouble bothers you. You have a sinus trouble.

Setting right there got sinus also. That's right. You're praying for get cured of sinus. Your faith does it, lady. Them spirits called one to another.

You got someone else you're interested in, haven't you? You believe that God can let me know who that is and what it is? He can. It's for a niece isn't it? Got kidney trouble hasn't she? Is that right? Something struck you then, wasn't it? That was witness of the Holy Spirit, go and find it just as you have believed.

**L-82** Just have faith. Don't doubt. [Blank.spot.on.tape--Ed.] Don't doubt. Was that person was healed, did they get back in this audience here somewhere? Something else just... There's a woman that appear... Oh, here it is. It's a--it's hanging over this lady right here. It's a throat trouble. The lady has a throat trouble. You believe that God will make you well? With all your heart? All right. Just raise up and accept it then, and be made well. Bless you. See?

You don't need a prayer card; you just need faith. Have faith in God. Is this the patient? [\[Mark 11:22\]](#)

**L-83** Excuse me, lady. I'm not beside myself. It's such such an impression it takes on me. We're strangers to each other, I suppose, are we, sister? Now, this is our first meeting time as far as I know. Oh, I have prayed for you. When I was here the last time, I prayed for you. Oh, when you was healed with cancer, that's when I was here. Well, I'm so happy to hear that.

Now, it was probably told that that later on that whatever it was. Of that I couldn't say. I--I just--I have no way of saying. He just... 'Course you just coming through a prayer line... Tomorrow I would never remember you. The only thing it is, is just picked up on the tape here. And I find it that way.

But was you in one of these kind of prayer lines? Just like this? And just exactly what It told you, was it the truth? And what It told you would come to pass, did it happen just the way It told you, That you would be healed, and the Lord...? Oh, It called out of the audience in a chair. Oh, in a chair, setting in the chair... We're thankful for that, sister.

**L-84** Now, you're here again. I'm a stranger to you. I do not know you. I've never seen you in my life, outside of that time, but not being to know you. Now, if the audience will... The lady's here at Phoenix. Do you know her? You hear our voices here, each of us? This microphone picking it up? If the Lord Jesus... Now, she told me was been healed of... What was it, sister? Cancer. At another meeting, while she was setting in the chair, perhaps, like them ladies, or peoples, or whoever it is that's been healed out in there.

Now, here she is as a living witness. Now, if the Holy Spirit will reveal to that woman, what she here for. It may be a financial. It may be a domestic trouble. I could not tell you. Only God knows. I don't. The lady knows that. I have no way of knowing what--what you're here for now. Isn't that right, lady? No way at all of knowing what she's here for... But someone here does know.

**L-85** And the faith that was once delivered to the saints is the faith the Lord Jesus Christ in His resurrection. He can tell me what's wrong with her. Now, if He does, I'll be thankful. If He doesn't, I'll still be thankful, for I know He's here.

And if He does, will one hundred percent of you, everyone, believe with all your heart? Now, just a little closer, sister. See, spirits coming from everywhere now. And it's... You know what I mean? When visions starts, I have no way of knowing where it's coming from. I just have to contact the spirits of a person involved.

Now, I'll just would speak to you just for a moment. And oh, you don't have to look to me. Just look any way you want to. Just so I can catch your spirit. That's what I mean.

happy.

Brother, you want to get over the diabetes and be made well? You believe God will make you well? In the Name of the Lord Jesus may you be healed. Amen. Have faith; don't doubt. Believe with all your heart.

Heart trouble's no more for God than nothing. He could make you well right there. Do you believe it with all your heart? Come here just a minute. Lord Jesus, make our sister whole, I pray, in Jesus Christ's Name. Amen.

**L-92** Come. Do you believe Christ will heal you? Kidney trouble's nothing for Him to heal. He can make you well of that. Do you believe it? In the Name of the Lord Jesus may you be made whole. Amen. God bless you. Yes, you'll be all right then. Go believing with all your heart.

You, if I'd tell you you was healed, setting there, before you come, would you believe me as God's servant? Then go on your road and rejoicing.

Oh, my, what could happen right now. I just can't hold it. See?

You're the patient? You believe me as His servant? Can't rest very well. You're nervous. You have a lot of trouble. And then another thing, you got an asthmatic cough. You're coughing all the time. Isn't that right? You want to be healed? You accept Jesus now as your Healer? God bless you. Go and God's peace be upon you and make you well. All right.

**L-93** Do you believe, lady? You got the serious thing there is in the world, kills more people than anything else: heart trouble. For that's the occupation of the soul. You let Jesus in, just now, to heal, will you? Faith drop into your heart. In the Name of the Lord Jesus, may you go and be healed.

Come, lady. You believe with all your heart? If God will let me know what's wrong with you, will you accept your healing? With all your heart, you will? There's so much coming from out there. There's many out there suffering with the same kind of stomach trouble that you have. Can't eat, the acid is

Thee for her healing, laying my unworthy, human hands upon this, my sister. Ask that the desire of her heart be given through Jesus Christ, the Son of God. Amen. God bless you.

**L-88** Have faith; don't doubt. Be real reverent. Do you believe Him? Believe He's going to make you well? Just have just a little more faith.

**L-89** Is this the patient here? Would you come here, lady? We're strangers to each other. But God knows both of us, doesn't He? You're--you're--you're conscious that you're standing in the Presence of something besides a man. I'm just your brother. But you're conscious of something. If God will let me know what you're here for, will you accept your healing, or whatever you're here for? You will? It's a growth. You've had it for years. You want to get rid of it, don't you? You've tried to get into the line. You're trying to accept faith now. Isn't that true? You live here. You're--you live at 1119 South 18th Street. Your name is Mrs. Elizabeth Keel, isn't it? Now, go; have faith and be healed in the Name of the Lord Jesus.

**L-90** Have faith. Believe with all your heart. You believe? Don't--don't move around, people, please it just--just nearly kills me when you're moving. What do you mean by that? Every spirit's set right to me. See? I can tell where you're at. And I'm trying to help you. See? I can't if you... See, it interrupts. I can't explain it; it's you're just set. See? Like breaths... Couldn't hide your life if you had to now.

**L-91** You like to go home and be well and eat, and get rid of your stomach trouble, and be made well? And another thing, take your handkerchief and lay it on your husband when you get there. He will get over that TB...?... In the Name of the Lord Jesus. Amen.

Have faith. Do you believe? Do you want to get over the asthma? Cry, "I love the Lord Jesus, and accept Him as my Healer." God bless you. Go on your road rejoicing and be

You believing? All right. God be with you. Your faith healed you. You've been... Something wrong with the inside down here in the intestinal's. It's a--a... You've had a... I see you going to some kind of a place, that's a--with something white over you. It's a hospital. You've been into a hospital. Now, they are. It's an operation, and they take something from the inside, pulling it out. It's the--it's the intestinal colon. They take out and cut. And then I see they're putting something back in its place. It's a--a plastic surgery that they're performing in the colon. And now, I see it again. It's twisted around like this. And that's what you're here for. THUS SAITH THE LORD. [[Jude 1:3](#)]

**L-86** Those things whatever He said, is that the truth, lady? If it is would you raise up your hand, if it's the truth? You believe you're in His Presence? You know your brother has no way of knowing that...?... God alone, is that right. Come here just a moment.

Kind heavenly Father, while the Holy Spirit is among these here, I--I follow instructions of my Lord, which says, "These signs shall follow the believer: If they'll lay hands on the sick, they shall recover." This I do in the Name of Jesus Christ. Amen. God bless you, lady. May you... May God grant unto you your desire. [[Mark 16:17](#)]

**L-87** You believe Him with all your heart? Be real reverent; don't move. You see, you're every one, every spirit's moving in here. See? And when you change, that just throws me off. So be real reverent now. See? He keeps moving through the audience You see? If you turn, facing the audience, you just feel it like... Oh, I can't explain it. But I just have to follow what He says do.

How do you do, lady? We are strangers to each other, I suppose, mother, aren't we? We're strangers. All right. I just want to talk to you a minute. You are aware right now that you're in the Presence of something besides a man. That's right. You're--you're aware, 'cause you're a believer, and

you're know that something besides this poor man standing here.

**L-88** You're suffering with a--with a sinus condition. And you got a burden way down deep in your heart. See, your conditions is minor, but there's something appeared before me. Yes, I see it coming back again. Oh, my. You are a mother. You have a daughter. And the daughter is doing evil. And you're--you're wanting prayer for her. She's an alcoholic. You--you want prayer for your daughter. Those things was said are true, aren't they? Come here just a minute.

O merciful Father, as Thy servant, give mercy and peace to this tired mother before me. And may the deep desire of her heart, whatever it may be, be granted. This I ask in Jesus' Name. Amen. God bless you.

Just believe; have faith. Don't doubt. Believe, and you will receive. Please don't move around. Someday, glorious day when it's all over, you'll realize...

**L-89** How do you do, lady? Are we strangers to each other? We've never met each other, never in life. Well, but Jesus knowed you since you was born. He knowed me since I was born. And perhaps back yonder before either was born, he'd knowed we was going to meet here tonight. He is an infinite God. He knows all things. Predestinated certain things to take place. But even before the world was ever formed, He foreknew all things.

If God will help me to know what your trouble is, will you be willing to accept what He tells you to do? You will? Now, us being strangers, never knew--knew one another... They give you a prayer card, and your number was called up. That's all there is to it. And then... But God knows all about it.

Now, just believe that you're--you're... Believe on the Lord Jesus Christ, and believe me to be His servant. I have nothing I can do to help you. If... I can't do nothing. There'll be what I told you about the Lord, that He loves you and wants to do for you. Now, the only thing He can do, is do something that

Brother Branham--Ed.] That's correct. Another thing you're suffering with also, is a rare, serious, blood disease. 'Cause you to break out, all over. Those things were the truth? You believe and accept Jesus Christ the Son of God as your Healer now? In obedience to His Word and command, I lay hands upon you as a believer, in Jesus Christ's Name, for your healing. Amen.

**L-86** Have faith; don't doubt. May the Lord God bless, and add His blessings is my sincere prayer. Praise be to God.

Raise your hand there, lady, you want to be healed? You're praying, being troubled with that intestinal trouble you want to be rid of it. Isn't that right? That's your husband; he's sick. Do you want him to be prayed for too? All right. Put your hands over on together, you husband and wife. And may the Lord Jesus make you well. O Lord God, Creator of heavens and earth, Author of Everlasting Life, send Thy blessings upon them. May they be healed through Jesus' Name. Amen. See? Your faith's a doing it, friend. You believe up in the balconies? You believe everywhere? Just have faith now, don't doubt.

**L-87** This is the patient. See, the people in the prayer line don't mean that they--it's you out there just as you believe. You're the patient, lady? You believe me to be God's servant? Thank you, sister. God bless you. Then maybe God will let me do something in the way of the Gospel to help you that you will--will get the desire of your heart. Now, I do not know you, you know that. That you're a stranger to me. I don't know you, but God does. Now, you're conscious that you're anointed also now? 'Cause that's this Pillar of Light between us. I see It moving back. It's your eyes. You're going blind. The hardening of the eyeballs, nerves are dying out. That's exactly what you was told. And the patch on the side of your face was caused by... You just fell. You fell off of a step and did that. Yesterday. Those things are true. You believe Him now as your Healer, Saviour...?... Lord Jesus, I bring her to

same thing...?...

Father God, in the Name of Jesus Thy Son, I pray that You'll grant this blessing. The people's faith, Lord, letting You speak, pulling faith. Grant, heavenly Father, that each will be healed, of the whole group.

**L-84** You're here. You just... You're so pleased with us, 'cause sinners come home. Backsliders renewing themselves through the washing of the water by the Word, they're come upon the basis... And the angels of God are standing in the aisles tonight. There they are here, and the great Holy Spirit moving up and down the aisles. The people are aware that You're here, Father. I pray that You will heal every one through Jesus' Name. Amen.

**L-85** Is this the patient? Come here just a minute, lady. Now, I want to talk to you just a moment. Are we strangers to each other? You have seen me before, but I don't know you far as that. And God knows that I don't know what you're here for. But He does know what you're here for, doesn't He? If God will let me know what you're here for, will you believe that when I preached the Gospel tonight, that... Any man can say anything He wants to. You have a right to doubt man, but you have no right to doubt God. That would be blasphemy, wouldn't it?

And now, if God, through the resurrection of the Lord Jesus, what He did here on earth, if He's returned, and that was--I preached His message through the Word. And now, He's here confirming that, proving that I've told the truth, that it was Jesus that died for you. Then if He's here, and I claim that His resurrection is here, if we're believers, then God can do the same thing through me as an adopted child, as He did through His own beloved Son, begotten Son. 'Cause Christ promised it, didn't He?

You're suffering with a lump in your breast. And that's in your left breast. How would I know that? I seen you in the room when you was a being examined of it. [Lady speaks to

would lift your faith up to a place to get what you come for. Isn't that right?

**L-90** There's really not much wrong with you. You're nervous, all upset. Now, I see it turning dark, just a moment. It's a... I see a--a desert...?... and a hill running back to this side of it. And it's concerning a loved one. It's a daughter. And she--if I'm not mistaken, the hill that I'm looking in front of me, it's at Tucson, Arizona. And that daughter is very unhappy. And she's suffering with a mental condition. She thinks she's going mad, going wild. She has walked the floor a lot--whole lot. She does lot of things. Keeps looking out a window, constantly faces that way, around that way. Those things are true. Now, give me the handkerchief you have in your hand. Our heavenly Father, Creator of heavens and earth, the Author of Everlasting Life, Giver of every good gift, send Thy blessings to this one, Lord, And I pray that when this is performed that Your great Spirit will honor faith. For I ask in Jesus' Name. Amen. God bless you. The Lord grant it to you, sister, the very deep desire of your heart, that Jesus Christ, God's Son... [\[Acts 19:12\]](#)

**L-91** You believe in Him, man? You're trying to reach me aren't you? Your faith... Just a little disappointed, because you wasn't called a few moments ago. You don't have to do that. You're trying to get rid of something, aren't you? Not exactly a disease; it's temper...?... real quick, get angry. Will you accept my words as being coming from the Lord Jesus? Will you believe me as His servant? Stand up on your feet. Put hand over your heart. Raise your other hand to God. Our heavenly Father in the Name of Jesus Christ, the Son of God, this boy's faith has touched You. I rebuke the trouble that's wrong with him, and may he never be bothered again. In Jesus Christ's Name. Amen. God bless you.

**L-92** How do you do, lady? Look this way just a moment. You believe? It's not you; it's for the baby. If God of heaven will

reveal that little baby's conditions to me, and let me tell you what it is, will you believe that Jesus died to do for it, whatever it is? I see certain sickness. Now, that baby is suffering with something wrong with its, it's in the lungs. And that baby has three ribs missing and part of its lungs.

Father God, in the Name of the Lord Jesus Christ, bless this one who I bless in Your Name, Lord, in Jesus Name. It's all through now...?...

**L-93** Believe Him? Look this way just a moment. Heart trouble's nothing for God to do. You believe He will make you well? Accept your healing now of that heart disease and believe that God will make you well?

Father, in the Name of Lord Jesus, bless this new soul for God's glory. Amen. God bless you. Go, believing Him with all your heart.

You believe? Something strange when that lady was coughing. Made you feel real strange, didn't it? Cause you do a lot of it at nighttime. It's a asthmatic condition that's causing it. That's right. You believe the truth? Can you accept Him now as your Healer. Then in the Name of Jesus Christ, the Son of God, may you go free, sister...?...

The Lord bless you. Just have faith. Something wrong with your side, isn't it? You've got side trouble, two of you there in the line. And the lady just in front of you too. All right. Jesus Christ makes you whole now. Be well. God bless you.

**L-94** Lady, setting back in here, the lady with your hand up to your mouth, you want to get over that arthritis? You believe that Jesus Christ will make you whole? You believe it with all your heart? If you do, you can have your desire. Just say, "Praise the Lord." And accept your healing and God will grant it to you.

Sister, do you believe God? You know, that I have no way of knowing what's wrong with you. God alone knows it, doesn't He? If God will let me know what's your trouble, will you obey me as His servant and believe God? Then go eat your

have faith. Are you believing? How many out there is praying right now, that God will heal you? Without your cards... Saviour...

**L-82** The little lady there that's wiping the tears from her eyes, setting right out here with a red coat on, I see a light hanging just above you. I think it's you. You've been praying for me to say something to you. I'm not reading your mind, but that's the truth. You're suffering with a trouble, aren't you, lady? And your trouble lays right in this a way on the right side. It's your liver. That's right. Wave your hand, if that isn't right. Do you accept your healing now from the Lord Jesus? Stand up and receive it.

Father, God, in the Name of Thy Son, grant to this woman, her faith has pulled the vision from Thy servant. I pray that You'll make her well through Jesus Christ's Name. Amen.

**L-83** Just keeps moving in the audience. What did you raise your hand for, lady, setting right there, back there behind her praying, saying, "God, have him to call me too." Yes. The little lady with the green looking jacket on, you, with the black hat, with your fingers up like this. You was just praying then, saying, "God, have him call me." That's that, with your hand up. Yes. You believe Him? God can make those gallstones go away from you and just make you perfectly well. The reason it was... Do you know what caused you to be that way? This lady here had liver trouble. And yours is gallstones right on the liver. Isn't that right? God bless you.

Little lady, setting there next to you is kind of worried now, wondering if it could be called to her. You believe me to be His servant? Yours is lungs. Isn't that right? If it is, stand up on your feet. Isn't... Not am I right; He's right, isn't He? He's always right. You two ladies stand up together. What... The lady, setting next to her is praying there too: pink dress on. She wants to get healed of heart trouble. She wants to get over that. Do you believe that God will make you well, lady? You stand up too then. The whole bunch of you could do the

Now, while... Just a moment. The Holy Spirit's wanting to say something else. You're aware of that, aren't you? There's something else. Oh, I--I--I see. It's a--a nervous condition you're--you're suffering with. Say, you a... That was caused... You've had a--a--a--an automobile accident is what did that. Say, I see a horse look like running. You was throwned by a horse too, haven't you? I see a horse. Isn't that right? You're healed. Jesus Christ has made you whole.

**L-79** Now, have faith; believe. Now, every person in here should believe. Now, if the Holy Spirit would speak to someone out in there (See?), you should believe. Do you believe?

Now, really, according... When Moses was given signs to commit before the people, he did it once and all Israel followed him. If you would do just exactly, right now, with real faith, you'd follow just what I said. Now, I'll tell you, right now, that if you could accept it, Jesus Christ will make every one of you... You're already made well in His sight. You just have to accept it. That's exactly the truth.

Someone asked me why I kept rubbing my face. Well, I--I can't tell; it's just numbness. You see? So I felt ever who that was that ask me that, or wrote that note that I... They're in the building. You see? So...

**L-80** Now, this man. Come here, sir. We're strangers to each other. I--I do not know you. You are a perfect stranger to me. You're not here for yourself. You're here for somebody else, and that's a younger man than you are. And it's a... The person is, is something like a... has no control, like a cerebral palsy, or something like that. It's your--it's your--See, it's your son. And he's not here. He's in Nebraska, somewhere up there in that level country. Isn't that right? Come here.

Father, grant to this, our brother, the desire of his heart. As I send him forward in Jesus Christ's Name to receive it. Amen.

**L-81** I see just upon...?... I can't hardly tell where it's at. Just

supper. The ulcer that was in your stomach, and your stomach trouble has left you. You can go eat your supper. God bless you.

I'm a stranger to you I suppose, sir. But around you is a real dark shadow moving, it's a coming to your spirit. You're dying. It's cancer. That's true. But you can live through Jesus Christ. Do you believe Him? Do you accept it? Come here.

Almighty God, in the Name of Your Son the Lord Jesus, heal the man before...?... God bless you. Go, and believe with all your heart.

**L-95** Look this way, lady. Now, I don't mean to be looking at me. 'Cause Peter and John said, "Look on us." In other words catch the attention. You want to get over that diabetes and be made well? Let God make you well? You'll believe He has done it and accept now with all your heart? All right. Go on your road rejoicing. In the Name of the Lord.

God bless you, honey. Pray for your grandmother? And you yourself want to be prayed for? You believe Jesus can give you new blood, and take that anemic condition away from you, and make you well? God bless you.

Father God, for this child who doesn't fully developed yet this little girl. I pray for the child here in my arms in the Name of Jesus Christ for a blood transfusion and may it come. Amen. Bless you sweetheart. Find your grandmother to be healed.

[\[Acts 3:4\]](#), [\[Acts 3:1-10\]](#)

**L-96** You believing, with all your heart? You believe, sir? That's your son right there, father and son. If God will tell me what's wrong with your son, even if he's setting on the other side of you, then tell me what's wrong with you, will you be willing to accept the Lord Jesus for healing? You've got heart trouble haven't you? Your son's more...?... child, but not now. Now, go on your road rejoicing.

You believe? I feel Him patting me on the shoulder which means going take me from the line. How many wants to love the Lord and serve the Lord? You believe He's the Son of

God.

Every one of you that has been a unbeliever and now you believe, would you stand up on your feet just a moment. Every unbeliever that now is a believer, accepted Jesus, would you stand upon your feet? Just remain standing just a moment. If God will hear my prayer to do those things He surely will this. God bless you, son. God bless you. God bless... Just remain standing everywhere else. God bless you. Up in the balcony would you stand? Around the altar, just move out...?... in now. The Holy Spirit's here, friend. Just everyone stand. Everyone now who wants to receive the baptism of the Holy Spirit and wants to be born again, would you stand to your feet just a moment? You'll see the glory of God. Stand up just a moment.

**L-97** Where's the minister? Ask him where a prayer room is. Now, I'm going to ask God. I want you to find your way to the prayer room, so we can meet you there.

Heavenly Father, in the Name of Your Son, the Lord Jesus. Grant the forgiveness of sin. Jesus, You've raised from the dead, dear Lord. You're here now, beyond a shadow of a doubt. You're moving now on the people for the last time. Have mercy upon them each tonight. Grant the healing of their bodies, for every sick person in here. May every person here in Divine Presence be totally and wholly delivered of every disease that they have in their life. As your servant, I condemn every sick person's disease in here, and proclaim them as diseases that have been removed at Calvary, every curse of the devil. And for these who are standing to accept salvation and the baptism of the Holy Ghost, Almighty God, if I have found favor in Your sight, I pray that You'll grant these hungry hearted people every desire of their heart, through Jesus' Name.

I ask the people who are standing in here, please to come to the prayer room right away if you will...?...

### **55-0221 - Shriner Temple, Phoenix, AZ (Paragraphs: 76 - 93)**

**L-77** Now, lady, just a few words with you, sister. And then, may the Lord grant these things that He has promised to us to be so. Now, we are strange to each other, never seen you in my life. Then there'd have to be some Supernatural something, somewhere. If anything that I'd know about you, would have to come from some resource besides a man. Is that right? It would have to come from a Supernatural resource. Well then, if it does happen, then what you think it to be, well, that will determine what you are--what--what will happen. See? It's your approach to it (That's right.), how you approach it.

But now we're standing tonight, just man and woman, like Christ and the woman at the well, just man and woman. I do not know you, but He does. But you're suffering as your...?... It's between you and I. I see you; you're suffering with some kind of a nervous condition, real nervous, and you can't hardly rest. You're up and down, and don't sleep well. And--and you're dropping things all the time, dropping dishes, and things like that, I see it as you go. That's--that's the truth.

Now, now, whatever It was that told you, that Voice that was speaking it, was my voice, but I wasn't using it. See? I couldn't tell you now what it was saying. 'Cause just looked like my ears come unstopped and everything. So I just went into another world.

**L-78** And now, I want to ask you something. Even the way you feel right now, you realize that there's something has taken place, besides what was when It was doing that there talking. Is that right? Now, do you believe? Now, see, just talking to her, He told what was wrong with her, or whatever it was, and now, she becomes a believer.

Now, more you talk to the people when the Anointing is on, more It will reveal. But look at the prayer line, look at the people out there. See? So just have faith.
